### A BLIZZARD RAGING.

The Worst Storm That Ever Struck Chicago Is Now Raging There With Great Fury.

The Wind Is Blowing Eighty Miles an Hour, The Highest Velocity Ever Recorded There.

Dozens of Women Were Lifted Off Their Feet or Blown Violently to the Ground.

CHICAGO, Feb. 12.—The worst blizzard which ever struck this city, so far as the weather bureau records show, is twenty-three years, is raging here. The storm is greatly impeded and is accompanied with great danger to life and limb. Many persons have already been injured by being blown to the ground, against walls and street posts by the wind. The velocity is eighty miles an hour, the highest ever recorded for this city and almost double the velocity of the wind which is blowing a blizzard in the Western states.

The following statement was made by the chief of the weather bureau to the United Press correspondent this morning: "This storm started on the south coast of California Saturday morning, and Sunday it struck Texas. Then it turned to the northeast and increased in energy. This morning it was central in the Ohio valley. There is over Lake Superior an area of very high pressure, and its proximity to the storm center of the Ohio valley has caused the abnormal high wind in this vicinity."

"The storm has stopped in the Southwest and will stop in this neighborhood tonight, followed by fast weather with a cold wave tomorrow. The wind is now eighty miles an hour blowing from the northeast. It will shift to the northwest by tomorrow morning and moderate greatly. The storm is now moving eastward. This is the highest steady wind since the bureau was established twenty-three years ago. The thermometer is 23 degrees above zero but it will go down to zero when the wind abates."

The wind was so furious at the corners where sky scrapers are built, especially the Monadnock and Annex block, bounded by Jackson, Van Buren and Dearborn streets and Custom House place, and extra policemen gave all their attention to the pedestrians. Dozens of women were lifted off their feet and blown to the ground or else pushed across the streets until they came in violent contact with walls, posts and other obstructions.

Mrs. Brahany, of 361 South Clinton street, a chair woman at the Art Institute, was lifted in the air and dashed against the fire plug at the Dearborn and Van Buren streets corner. Two of her ribs were broken and it is believed she is internally injured. She lay in the snow drift until men rushed to her rescue and the police ambulance took her home.

The gusts of wind and blinding particles of snow frightened men as well as women from attempting to cross Dearborn street at Van Buren. The fate of others kept them within sheltering doorways. Civilians and policemen became a volunteer brigade, and on the principle that in union is strength they looked arms with the belated office workers and crossed in safety.

Dispatches report that the storm is also raging furiously at Detroit, Grand Rapids, Mich., Bay City, Mich., Cleveland, Benton Harbor, Mich., Kansas City and Milwaukee.

### NEBRASKA IS SNOWBOUND.

A Terrible Blizzard Has Raged For Twenty-Four Hours.

CHICAGO, Feb. 12.—A special to the Inter-Ocean from Omaha says: Nebraska is snowbound in the strictest sense of the word. For the last twenty-four hours a terrific blizzard has prevailed throughout the state, piling the heavy fall of snow in enormous drifts. The fall has been about twelve inches, and following the eighth inch snow of Thursday makes the depth at least twenty inches.

The cold is extremely severe. With few exceptions Omaha traffic of every description is suspended. Trains in every direction last night were abandoned. The mail trains are being got through with difficulty. The high wind piled the snow in great drifts. Reports from the interior show stock in good condition, and farmers are pleased with the immense snowfall as it assures a fine winter wheat crop.

### RIVERS ON THE RAMPAGE.

The Mississippi Higher Than Ever Before at This Season.

CHICAGO, Feb. 12.—A special to the Herald from Memphis says: From present indications the floods in the lower Mississippi valley last year will be repeated this spring. The big river has been rising at a rapid rate during the last three days, the water gauge last night registering twenty-one feet and six inches, a rise of nearly three feet since Saturday night. This is higher than ever before known at this season of the year.

The danger line at Memphis is thirty-two feet, but as the upper rivers are full and sending down enormous volumes of water, it will be but a few days before

that figure will be reached on the gauge. The Cumberland, Tennessee, St. Francis, White and Arkansas rivers are on the rampage, the lowlands along those streams have been flooded and the inhabitants driven to the hills.

### VERY COLD AT ST. LOUIS.

Ten Inches of Snow on the Ground and Still Falling.

ST. LOUIS, Feb. 12.—At 11 o'clock last night snow began falling here and continued throughout the night until this morning, when about ten inches covered the ground. At 10 o'clock this morning there was no cessation in the downfall, and it now looks as if the heaviest snow of the season would be recorded.

Reports received this morning show that the storm is general throughout Missouri and the surrounding states. Railroad traffic is badly delayed, nearly all the trains being from one to four hours late.

### SUFFERING IN OKLAHOMA.

Heavy Snow Storm With the Wind Blowing Sixty Miles an Hour.

CHICAGO, Feb. 12.—A special from Hennessy, Okla., says: A terrible norther, never before equaled in this part of the country struck Oklahoma yesterday. In some places on the railroad tracks the snow has drifted six feet deep and traffic has been entirely abandoned. The wind is blowing sixty miles an hour, the thermometer stands two degrees below zero, and the suffering among the cattle on the grazing lands will be fearful.

### BLIZZARD IN KANSAS.

Suffering on the Black Western Prairies Will Be Terrible.

CHICAGO, Feb. 12.—A special to a morning paper from Wichita, Kan., says: The worst snow blizzard that this section of Kansas has experienced in many years commenced yesterday morning and by night it was fifteen inches deep. All camping places and the excursions of the Rock Island have been abandoned. The Missouri Pacific east bound stuck in a drift in the Flint hills and the Frisco west bound stuck in a drift in Greenwood county. The Santa Fe main line trains are all tied up. The suffering on the black western prairie and in the Cherokee strip will be terrible.

### Spain Not Satisfied.

MADRID, Feb. 12.—The dispatch received from Gen. Martinez de Campos concerning his negotiations with Sultanuley Hassan was not satisfactory to the cabinet. The ministers were greatly irritated by the sultan's evasive course and decided to send at once a dispatch to the cabinet Monday, Crussalla and Solledad, all in Rio Grande do Sul. A dispatch dated at Montevideo on Feb. 10 says that the commander of the government vessels Tidantes Santos and Bahia have been removed, as they were suspected of disloyalty.

### The Insurgents Repulsed.

LONDON, Feb. 12.—A dispatch received from Buenos Ayres yesterday says: It is officially announced from Rio Janeiro that the insurgents have been repulsed at Niteroy. Many prisoners were taken, including several naval officers. The insurgents have captured Passanaua, the city of Monday, Crussalla and Solledad, all in Rio Grande do Sul. A dispatch dated at Montevideo on Feb. 10 says that the commander of the government vessels Tidantes Santos and Bahia have been removed, as they were suspected of disloyalty.

### Notorious "Fence" Raided.

CHICAGO, Feb. 12.—Police officers from the Irving Park district early yesterday raided a house near Edison Park and arrested Frank Steadman and his wife, James Kelly and Ollie Taylor. The house has been for a long time the rendezvous for a gang of thieves and was used as a "fence." Five wagon loads of plunder were taken from the place, the estimated value of which is \$5000. The "fence," it is thought, had direct communication with one of larger proportions located in the heart of the city.

### Shot By a Piano Player.

CHICAGO, Feb. 12.—Green Ford, colored, a piano player in J. S. Johnson's saloon at 505 State street, fired three shots at Annie Harris, colored, at 2:30 o'clock yesterday morning. Each bullet took effect. The Harris woman was removed to the county hospital where she died at 1 o'clock. Johnson was arrested. He claims self defense, as the woman had drawn a knife. The dead woman came to Chicago from Kansas City.

### Important Change in Time.

On and after Monday, Feb. 12, Trains Nos. 3 and 4 on the Hibbing branch of the Duluth, Missabe & Northern railway will be discontinued. Passengers for Hibbing will transfer at destination to the Hibbing branch of the Duluth, Missabe & Northern railway, which will run at 4:35 p. m. instead of 12:20 p. m. and cannot return to Duluth same day.

### Amnesty For Offenders.

ROME, Feb. 12.—Semi-official authority confirms the report that after the military tribunals in Palermo and Massa shall have finished their work, King Humbert will declare an amnesty for all those convicted by the tribunals, excepting the men found guilty of murder or other common crimes of a serious nature.

### Rolling Mill Resumed.

PIQUA, Ohio, Feb. 12.—The rolling mill at this city, one of the largest in the state, which has not run steadily for the past six months, resumed work this morning, giving 300 men steady employment.

### Lynched By a Mob.

MEMPHIS, Feb. 12.—Henry McCoy (colored), who committed an assault upon Mrs. Sallie Taylor near Pioneer, Tenn., Saturday, was captured yesterday by a mob and lynched by a mob.

### Dodds to Command.

LONDON, Feb. 12.—The Standard's Paris correspondent reports that Gen. Dodds has been designated for the command of the French forces in the Sudan.

### MARSHALL NOT IN IT.

His Appointment as Collector of Customs for the Port of Duluth Has Been Stopped.

Maj. Baldwin Secures Its Withdrawal After It Had Been Sent to the White House.

This Action Was Taken Because He Received Protests From Some Prominent Democrats in Duluth.

WASHINGTON, Feb. 12.—[Special to The Herald.]—Cutler J. Marshall will not be appointed collector of customs for the port of Duluth. His appointment was stopped after it had gone to the White House for the president's approval.

This morning Representative Baldwin says he did receive protests from prominent Duluth Democrats. It is learned today he will now push some other man for the collectorship, probably Thomas J. Monaghan.

### DECISION FOR THE CITY.

The St. Paul & Duluth Road Beaten in the Sewerage Case.

ST. PAUL, Feb. 12.—[Special to The Herald.]—Judge Mitchell of the supreme court today reversed a decision of the district court in the St. Paul & Duluth railroad company, respondent, vs. the city of Duluth, appellant. The syllabus is as follows:

"A municipal corporation is not liable to the owner of private premises within its boundaries for failing to promote a system of sewerage to carry away from such premises surface water and the water of perennial streams naturally running therein. The owner of a swamp, which is a natural deposit for such waters from higher adjoining territory, cannot complain because such municipal corporation has diverted such water from the natural ravines and through sewers deposited them upon such swamp at different points from those at which the ravines terminate, the owner of the swamp having adopted the change made by such diversion in building the sewerage system. The owner of the swamp, by leaving the openings in the raised surface opposite the ends of the ravines and by putting in box culverts across the roadbed opposite the ends of the same sewers to carry off such waters."

### MOUNTAIN IRON MATTERS.

The Tole Road to the Rainy Lake District Completed.

MOUNTAIN IRON, Minn., Feb. 12.—[Special to The Herald.]—The tole road from here to Rainy lake is now completed, and as there were quite a number of people here ready to make the start, there were four or five teams started yesterday with men and supplies, some to locate there permanently, and others to look the country over. There is some talk of having a regular stage line between the two points. If this project is carried out it will make the most available and cheapest route to this new country.

T. H. Merritt, who was thrown off a Duluth street car about three months ago and settled with the company for \$600, is not expected to live only a few days. Mr. Merritt has had an attack of the grip and he is not strong enough to stand this. Dr. Magie was here Friday and made an examination, but said he could do nothing for him beyond what our local physicians are doing.

Ed Murphy, dealer in general merchandise, heard of the only case of death in the village and immediately sent between \$10 and \$15 worth of groceries. The scene was very pathetic when the goods were received, all the family being moved to tears.

### Ledochowski to Retire.

ROME, Feb. 12.—The report published last week that Cardinal Ledochowski was about to resign his office as prefect of the propaganda office has been confirmed. His retirement is due to differences between him and the French ambassador as regards the vatican's policy toward France. Ledochowski was archbishop of Gnesen, Prussia, at the beginning of the Kulturkampf but, after having been prosecuted, fined and imprisoned, he left the country. Recently he was conciliated by Emperor William.

### Murdered His Wife.

BIRMINGHAM, Ala., Feb. 12.—Paul Locaso, a prominent Greek merchant, murdered his wife last night at their home on Fourteenth street. Locaso was arrested and put in jail. Beside the dead woman laid a bloody spade with which a deep wound had been inflicted in the head.

### Costly Horseflesh.

LOUISVILLE, Ky., Feb. 12.—Charles Hughes has purchased from R. Tucker, the bay colt Winfield, 3-year-old by Blazes, dam Loraine Nelson. Price \$12,000.

### Nothing New From Hawaii.

VICTORIA, B.C., Feb. 12.—The steamship Arara from Sydney and Honolulu arrived yesterday afternoon. The Arara brings no news later than that received by the Australia, which arrived at San Francisco yesterday.

### Explorer Chanler Reported.

LONDON, Feb. 12.—A despatch from Zanzibar says that William Astor Chanler, the explorer, has arrived at Mombaza. He is in good health.

### Cholera at Constantinople.

LONDON, Feb. 12.—The Standard says that cholera has reappeared in Constantinople. A dozen victims of the disease were buried on Saturday. It is believed that there have been other fatal cases which have not been reported.

### DID IT WITH GOOD INTENT.

Sheriff Magee Tells Why He Failed to Hang Purvis a Second Time.

NEW YORK, Feb. 12.—A special to the Sun from Jackson, Miss., says: The long delayed communication from Sheriff J. O. Magee, of Marion county, relative to his failure to hang Will Purvis at Columbia on last Wednesday was received by Governor Stone yesterday. The sheriff says:

"I made all the necessary arrangements for his execution in the most earnest manner and fully intended to hang him until dead, but when the trap was thrown the knot in the rope slipped and he fell without breaking his neck. It was then the strong appeal was made by the best citizens of Marion county to not place him on the gallows again. Out of about 500 people who had assembled to see him die, I don't think there were more than a dozen who wanted to see the sentence carried out; most of them because they believed him to be innocent, from the fact that he made some confessions. Others desired him held as a witness against the leading White Caps. 'It was these things that prompted me to pursue the course I did. Though I was aware of the fact that I was violating the statutes, I did it with a good intent, and candidly think that it will be best it turned out as it has.' The governor has nothing to say in regard to the case."

### LEWELLING AND MRS. LEASE.

The Governor Thinks That Mary Was Unbalanced Mentally.

CHICAGO, Feb. 12.—A special to the Herald from Topeka, Kan., says: A great many people are wondering what Governor Lewelling is going to do with Mrs. Lease, since the supreme court has decided that he cannot remove her from the board of charities. The governor is in Kansas City and will not return here until Tuesday. To a Wichita reporter he said he thought Mrs. Lease was unbalanced mentally. He said he could find a way to get rid of her if he wanted to, but he would not state how he would go about it. He said Mrs. Lease was so dead with the Populist party that she could not trouble anybody.

### AFTER YEARS OF WAITING.

Contractors Who Built a Southern Railway to Be Paid.

KNOXVILLE, Tenn., Feb. 12.—After several years of litigation in various courts Judge Key, of the United States circuit court, rendered a decision against the Knoxville Southern & Marietta & North Georgia railway for \$293,376, which amount must be paid to the subcontractors under George R. Eager, who built the road. The road will be sold March 1, and the money arising from the sale is ordered to be distributed among the various contractors. The road was built four years ago and the failure of Contractor Eager to pay the subcontractors caused their financial ruin and also carried down several large firms who were their creditors.

### MURDER IN MISSOURI.

The Fatal Result of a Row Between Stepbrothers.

OKAN, Mo., Feb. 12.—Charles Archer was murdered by William Lloyd at Glenn's camp, about seven miles west of here, Friday morning at 2 o'clock. Lloyd stabbed Archer to the heart, also cut him in several other places. Lloyd and Archer were stepbrothers and the trouble arose over the support of the family, Archer having broken a saucer and made the remark that it was all right as he had all such articles to buy for the family, which enraged Lloyd who produced a long knife and commenced the deadly work.

Sheriff Miller went out after Lloyd, capturing him and taking him to Benton jail where he is now awaiting the action of the grand jury.

### Secretary Lamont's Father Dead.

NEW YORK, Feb. 12.—John B. Lamont, of McGrawville, father of Secretary of War Daniel S. Lamont, died at his home last night after a lingering illness at the age of 65 years. Secretary and Mrs. Lamont were with him at the time. He leaves a widow and one son. Funeral at his late home Wednesday at 1 o'clock.

### Joan of Arc Beatified.

ROME, Feb. 12.—The Moniteur de Rome publishes a decree announcing the beatification of Joan of Arc. The pope will tomorrow issue documents showing that the beatification is in accord with the private records of successive pontifices.

### For Duluth's Harbor.

WASHINGTON, Feb. 12.—[Special to The Herald.]—Representative Fletcher today introduced a memorial from the Minneapolis chamber of commerce favoring the appropriation asked for the improvement of Duluth harbor.

### Lost With All on Board.

GLOUCESTER, Mass., Feb. 12.—Capt. Crittenden, of schooner Mabel Leighton which arrived from the western banks yesterday brings tidings of the loss of the American schooner Robert J. Edwards on Jan. 21 off Sable island with all hands.

### Enlitled to Thanks.

The Mesaba Range: While it is a fact that the Merritts have lost control of the Mesaba road and the Consolidated mines, and have lost vast sums of wealth that would have been theirs but for the panic, the good results they have accomplished for the Mesaba range, St. Louis county, Duluth and the state of Minnesota by the Mesaba range, the grateful acknowledgment of a host of people.

### A Coming Section.

Minneapolis Tribune: The Rainy river valley will be the seat of no small industrial development, whatever the result of the gold discoveries. Either from both, railways will doubtless be extended in the near future, and the Rainy river valley will be the Mecca of a throng of farming, commercial, manufacturing and mining population bent on permanent settlement.

## OUR SECOND ANNIVERSARY IN OUR NEW STORE.

Old Time's great pointer has pushed around another year and the bells strike two for us. A good old lady once sagely remarked that: "she had always noticed that if she could get through January she usually managed to live through the remainder of the year. We too. Not only did we live, but we tried to make it easier for other people to live. We hope we have helped others. We have certainly gained for ourselves this knowledge, if naught else:

A store that takes this for a rule, A truth well learned in life's hard school, That action based on honor bright, The right thing done because it's right, Will bring its just and sure reward. Win wealth and more, good men's regard— Life's greatest prizes without doubt, And that's what we've found out.

## BOARD OF TRADE GONE

Fire Consumed The Whole Building in a Very Short Time About the Noon Hour Yesterday.

Nothing But The Four Walls and a Mass of Charred Ruins Remained at Night.

Hose in the Building Contained no Water or The Fire Would Have Been Averted.

Just about every so often Duluth catches a disaster fire. Yesterday was the day for it and today the Board of Trade building at the corner of Superior street and Third avenue west is a mass of charred and crumbled ruins.

Not far from 12:30 o'clock yesterday afternoon an alarm was turned in that brought the department quickly to the scene of the fire, despite the fact that many of the firemen were at dinner. When they reached the scene the flames were breaking through the Michigan street front and when Chief Jackson arrived the blaze was making itself manifest on the Third avenue side of the building. Already the streets were strewn with lines of hose couplings were rapidly made and soon several streams were playing on the burning building. The hydrant at the corner of the Exchange building was the nearest and most available either for use in throwing water on the east side of the Board of Trade or for fire engine use. The firemen turned on the water it failed to come because the hydrant was frozen. The engine was stationed then in front of the Michigan street front. The water service was wrecked and great was the denunciation which the onlooking public hurled upon the company. One thing which was conclusively proven was that the water service is entirely inadequate. Had a fire broken out on Second or Third street at the same time nothing could have stopped it for during the heavy part of the fire, houses on the lower side of Second street could get no water.

Beginning of the Fight. After the first hydrant was opened several streams were soon playing but they were not effective above the second story windows, until the steamers got to work. The aerial ladder truck was placed at the rear on Michigan street, the nimble firemen ran up a line of hose and soon a stream was playing on the upper windows. Another company by means of ladders and fire escape, strung a second line and standing on the fire escape landing, bravely kept their posts and did effective work.

Chief Jackson as soon as he arrived, turned in a general alarm and the outside departments kept rushing in from time to time, set their engines, strung their hose and took their various stations. It was not long until Michigan street, Superior street and Third avenue west were covered with serpentine strings of pipe.

Leaking and bursting pipes and water from the burning building soon flooded the streets which did much to wet the clothing of the firemen as they rushed to and fro in the performance of their duties. The day was cold and their garments in many cases were frozen stiff. Capt. Keltner wore a long blue coat and as he failed to get hold of a rubber coat he got more or less soaked. About 3 o'clock, when he had an opportunity to remove the garment, it was frozen stiff and he had to pound and shatter the ice before he could get it off. Once out of it he set the garment on the street and it stood up as straight as if on the owner's shoulders.

Keeping the Crowd Back. Large crowds assembled on Michigan and Superior streets and Third avenue above Superior street. Ropes were stretched, but the policemen had great difficulty in keeping the onlookers in their places. At last Capt. Thompson said: "Well, I've told them to keep back often enough. If anyone is killed by a falling wire or falling walls, no one can blame the policemen. We've done our duty the best we could."

In many cases, however, the citizens lent a hand and materially aided the firemen in shifting lines of hose, especially those filled with water. On Superior street the flying firebrands and the extreme heat threatened the Burrows block and the row of wooden buildings adjoining. Water buckets, snow, small lines of hose were liberally used and a chemical engine was turned on several times with good effect.

The wind blew with fits and starts, immense clouds of steam and smoke would settle down onto the streets and then a puff of wind would clear them by sending the clouds of vapor skyward.

Soon after the fire broke out through the roof it was seen that the east wall was in a dangerous condition. It soon commenced to bulge outward. The police cleared the avenue of onlookers and the firemen who were handling lines of hose on the avenue kept a close outlook.

Falling of the Wall. At 1:14 a loud cry arose from the spectators. The wall was seen to totter and tremble, the firemen dropped their lines and sped to places of safety. At length, with a loud crash, the wall fell filling Third avenue with a smoking, steaming mass of brick, mortar, burning embers and charred timbers. Several windows were broken in the Exchange building

across the way and that building was then more or less impregnated with steam and smoke. No one was injured but the three firemen who had the hose at the third story were in a dangerous position for a few moments. When the crash came one involuntarily started down the fire escape but the others stood at their posts with a courage and indifference that was hard on the nerves of those who saw them. Cries of "come down, come down" were heard and the men after releasing their hose, deliberately descended.

After the falling of the wall, the fresh breeze got a better chance at the flames and the burning woodwork commenced to blaze more fiercely. It gave the firemen, however, a better chance to throw in streams of water.

It next seemed as if the front wall must fall. The fire engine was moved and the crowds pushed back to a safe distance. Had it fallen, the trolley wires, several heavy telegraph and telephone cables and a tangled maze of other wires would have come down, probably to the injury of some one beneath. Happily, the front walls stood and much damage to electric wires was averted.

The fire was first seen in the office of the origin of the fire. G. C. Barnum first discovered the blaze. He cut his hand in breaking the glass in the door and spent some time in trying to find water in the building. The hose in the building was brought into use but no water came. The alarm was then turned in. The fire was first seen in the office of F. M. Guthrie and Earhart & Co. Mr. Barnum stated yesterday that he saw the flames coming out of the vicinity of the waste basket and that, at that time, a bucket of water would have put them out. Mr. Earhart had been in the office a short time before and there is a possibility that a match or smoldering cigar stub might have been dropped into the basket.

The occupants of the office, however, think that fire originated in the room below from hot steam pipes. The cause of the fire is the subject of much speculation. The majority did not. A great many, of course, had everything in that line in the vaults. If the vaults stood the test, then the books will be safe. Several narrow escapes were also reported. B. C. Church of the Imperial Milling company, who was in the building, had to leave the books and one clerk, Eugene Sheehan, had his eyebrows and hair singed. The mill company lost all of its books. Mr. Harman, the last time he came out of the building had to take to the fire escape.

Street Cars Stopped. From the beginning of the fire street car traffic was blocked and in a few moments the power was turned off as a precaution. All power was turned off at the Hartman electric plant in order to avoid danger. There is not another corner in the city where there is such a network of wires and the danger is not confined to that place. The fire from the Burrows block, it would have caused every telephone pole for two blocks either way to have snapped like pipe stems. About 3 o'clock street car traffic resumed, passengers being transferred at Third avenue west.

## LOSSES AND INSURANCE.

Fifty-five Thousand Dollars Insurance on the Building—Other Insurance. Work was commenced on the Board of Trade building in April, 1885, and was formally dedicated Jan. 6, 1888. It was constructed of pressed brick and Fond du Lac brownstone and cost \$30,000. The total amount of insurance carried was \$55,000. It was placed as follows, with the exception of \$2,500, the name of the company carrying not being ascertained:

C. H. GRAVES & CO.	\$2,500
Fireman's association	1,000
Hartford	1,000
Imperial	2,500
Phoenix	2,500
Western	1,500
Total	\$12,500
Mendenhall & Hoopes

## Tenants of the Building.

The tenants of the building were as follows:  
Basement floor—Lake Superior Elevator company, Walter Van Brun, C. H. Graves & Co., Western Union Telegraph company, Union Improvement and Elevator company, Cutler & Gilbert.  
First floor—North American Telegraph company, Van Dusen-Harrington company, American Steel Barge company, Rose & Lazier, C. A. & E. D. Field, H. B. Earhart & Co., Thomas Gibson.

Second floor—La Salle & Wolvin, Western Transit company, J. N. McKinley & Co., L. T. Sower & Co., Imperial Mill company, Ames-Brooks company.

Third floor—O. C. Hartman & Co., D. Thomson & Co., board of trade and secretary's office.  
Fourth floor—Hartman & Co., A. D. Thomson & Co., Charles Caning, McCarthy Bros., S. S. Linton & Co., J. H. Cook, Turle & Co., Franklin Paine & Co., Owen Fergusson, Crescent Transportation company, Lake Michigan & Lake Superior Transportation company, J. F. McLaren, agent Blue Line.

Nearly every one of these tenants lost everything except those in the basement. The Western Union Telegraph company saved considerable and C. H. Graves & Co. saved nearly all of their books. All the vaults in the corners of the building which were opened today were found to be all right but those in the west side probably are not. The door of A. D. Thomson & Co.'s was open all the time. Smoke was coming out of the cracks in the others this morning and their condition is problematical.

Many of the tenants were insured, among them the following: Turle & Co., LaSalle & Wolvin, \$500; Lake Superior Elevator company, \$500; A. D. Thomson & Co., \$500; Duluth Elevator company, \$500; American Steel Barge company, \$500; C. H. Graves & Co., \$500; Franklin Paine, \$500; John Flynn, \$500; Imperial Mill company, \$500; Cutler & Gilbert, \$500.

The telephone companies carry blanket insurance. Their losses may run very high as they each had nearly 2,000 battery jars in the basement and whether they are saved or not is uncertain. Their losses may reach \$10,000 or more.

The foundation of the King block was damaged by water to the amount of about \$500 and water in the basement damaged the Schiller-Hubbard company's stock somewhat.

A Scramble For Offices. One result of the fire was to create a big demand for office rooms and the man who did not get a hustle on himself right away had hard work to find room this morning. The board of trade has taken the large room on the east side of the second floor of the Chamber of Commerce building and a number of the board of trade have taken the second rooms in the same building. The Western Union Telegraph company will be located in the basement of the First National bank building and the New American in the basement of the Torrey block. A. D. Thomson & Co. will be in the First National bank building; H. Graves & Co. in the Burrows block; Ames, Brooks & Co. and Lake Superior and Union Improvement Elevator companies, in the Exchange building; Rose & Lazier and Imperial Mill in the Torrey block.

## WATERSON'S PHILOSOPHY.

Some Sayings Which Fell From the Lips of the Great Kentuckian.

Find out a nation's sin and you will have discovered its danger.

When any political society in this country imagines that it has everything its own way, then public opinion will set its back on its hind legs and kick it out.

Millions of money won't save a man the torment of a sore toe.

Money is the poison rod that drives all evil.

Success in life is the attainment of happiness.

Money is one thing that is universally used and abused; universally cultivated and reviled.

There is scarcely any question, public or private that has not two sides.

Survive the stock in trade of both political parties and I think that it makes small politics.

It is said that the only honest hypocrites are the play actors.

"Put Money in Thy Purse" seems to have become a national motto.

The world has been much misled by the misinterpretation of some of its most accepted maxims.

If you want to read a ghostly romance, read the history of Wall street whose star route is the church yard.

The man who places his all in the possession of office, or money, or a certain woman, and thinks that with these he will reach all that is to be desired on earth, and that without them there is nothing but misery, will never attain true success. He will never be happy.

Their capital is timid; it is because it has no heart.

An Important Difference. To make it apparent to thousands, who think that they are ill, that they are not affected with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts by a positive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup company.

## A CITIZENSHIP QUESTION.

A Somewhat Puzzling Point Which Arose During the Election.

On election day, out in the Second precinct of the Second ward, two young men were not permitted to vote for the reason that they were held not to be citizens of the United States. It seems that the father, who came to this country when his sons were young men, declared his intentions but failed to take out his second papers. City Attorney Greene held that the sons were not citizens. The opposite view has been the one always followed and the question is being considerably discussed in legal and political circles. The secretary of the interior, Hoke Smith, in land matters, gives an opinion of which the syllabus is as follows:

"A minor child of an alien who has declared his intention to become a citizen but does not complete his naturalization before the child attains his majority, occupies, under the pre-emption law, the status of a person who has filed his declaration to become a citizen."

In that same decision the famous case of Thayer vs. Boyd, involving the gubernatorial seat in the state of Nebraska is referred to as a case being exactly in point. In that, the father of George Boyd declared his intentions but never took out his second papers and the son did not either. The supreme court held that a son takes the same status as the father hence would not lose his inchoate status which he would acquire through the father's declaration of intentions.

Recognized Their Value. Superintendent R. E. Denfeld recognizes the value of the daily weather map furnished by the local bureau and has copies of it furnished daily to eight of the principal public schools of the city. The maps are great aids in the study of meteorology and it is possible that that study may here, as elsewhere, become a regular part of the curriculum.

What a Shame. That there was not a better chemical fire extinguisher in the Board of Trade building. These machines are always ready. No water needed and simple to use. No burning fire proof or not should be without one. I have sold eighteen machines this morning and am willing to sell more. Call at No. 23 Third avenue west, Chas. T. Abbott, manager.

Cecilian concert for the benefit of the Bethel at the Congregational church this evening. Tickets 25 cents.

Cheer Rates to California. The Northern Pacific Railroad company has put into effect a series of low round trip rates to California points. Tickets are good until July 15, 1894 and are good for stopover under certain conditions.

These rates will enable those desiring to do so, to spend the winter in Southern California, or to visit the Midwinter fair to be held at San Francisco. This latter event will undoubtedly be second only to the World's fair, and will repay a visit as it will exhibit the resources and capabilities of California.

St. Paul, Minneapolis and Duluth to San Francisco, returning via Portland to St. Paul, or returning to Missouri river, \$80.50. For further information apply to Charles S. Fee, G. P. and T. A. St. Paul, Minn.

## HAS SPENT ITS FORCE

The Great Storm Which Swept Over the Country Yesterday Subsidized Has and Calm Prevails.

Many Trains are Hours Behind Time While Others Have Been Stalled by the Storm.

Sixty Workmen Passed the Night in a Tunnel at Chicago and Probably Suffered Severely.

CHICAGO, Feb. 13.—Chicago woke up this morning expecting to find the thermometer at zero and the wheels of all the street cars locked. But an agreeable surprise was in store. The mercury was hanging around the twenties and the street and horse car lines were running as though making very slow time. Only a few incoming trains are late today. Some of them are reported as much as ten hours behind and others are completely.

The Welcome with a relief party on board started at 7 o'clock this morning for the Sixty-eighth street tunnel, where sixty workmen employed on the tunnel spent yesterday and last night in the temporary crib house. No signals of distress have been heard from the imprisoned men, and it is not believed that any fatalities have resulted, but it is feared that they have suffered severely from the cold and hunger.

The Lake View crib off Montrose boulevard was apparently unharmed by the wind and water this morning. Four men spent the night there without experiencing any danger or discomfort.

A Detroit, Mich., dispatch says: Yesterday's severe storm has subsided, but the streets are still in a blocked condition. Horse car lines are moving slowly and irregularly with four horses to each car. The Fort street electric line is still abandoned and will not be in operation before night. The Michigan Central railroad reports things in better shape this morning and trains are running nearly on time. The Detroit, Lansing & Northern route, which was shut down by the storm, is now running on time. Reports from all sections of the state show that the blizzard has spent its force, leaving traffic in a demoralized condition.

Later—The tug has just returned from the Sixty-eighth street crib and reports the men all right.

### WAS THOUGHT TO BE LOST.

The Steamer Roanoke Was Overdue But Has Reached Grand Haven.

CHICAGO, Feb. 13.—A special from Milwaukee says: It was reported last night that the steamer Roanoke of the Detroit, Grand Haven and Milwaukee line, has been lost with all hands. The steamer left here at 10 o'clock Sunday night for Grand Haven. Her owners became alarmed last night, when they learned she had not reached that port and have made telegraphic inquiries at all Lake Michigan ports in the vicinity of her route without finding any trace of her.

The Roanoke should have made the run to Grand Haven in at least ten hours, and consequently at midnight she was fifteen hours overdue. The Roanoke had twelve passengers aboard and a crew of eighteen men. The list of the persons aboard the Roanoke when she left here follows:

Bates, Thomas, wheelman; Bruce, engineer; Brice, William; Cavan, J.; Evans, Charles; Ellsworth, May; Hansman, John; Hendley, Albert; Hendley, 8-year-old daughter of Albert Hendley; Leozzo, Victor L.; Leozzo, Harvey; Lewis, Professor; Martin, J. W., captain; Murphy, Edwin; Redston, Ruth; Slater, Thomas; Steele, Leo, second mate; Tierney, Frank, first mate; Ward, Edward; eleven others, names unknown.

The passengers were made up of the Leozzo Brothers theatrical company, which had just finished an engagement at the Standard theater and were en route to Detroit.

Later—The agent of the Detroit, Grand Haven and Milwaukee line, says that the steamer Roanoke, over whose safety there was much apprehension, arrived in Grand Haven at 11 o'clock last night.

### A Fearful Trip.

GRAND HAVEN, Mich., Feb. 13.—The Detroit, Grand Haven & Milwaukee steamer Roanoke arrived at her dock here about 11 o'clock last night after a fearful battle of twenty-four hours with a sixty-mile hurricane on Lake Michigan. The Roanoke left Milwaukee Sunday night and was out in all of the terrific storm of Monday. So great was the velocity of the gale that for two hours at one time the Roanoke did not progress as many miles. It was a very thankful crew and lot of passengers that arrived safe in port last night. The passengers on board the vessel were the members of a dramatic company and none of them expected to reach land in safety.

A number of the crew had narrow escapes from being washed overboard, but the vessel herself suffered no injury. The deck, sides and cabins and ropes are covered with tons of ice, and the Roanoke presents a weird and beautiful sight with the sun beating down upon her this morning.

### It Was a Canard.

PARIS, Feb. 13.—At 2:40 p. m. a rumor was in circulation in the chamber of deputies that the police minister, in Kue Annard Carrel had been blown up by a bomb. The report caused the most intense excitement in the chamber, but it was found to be untrue.

Furniture Factory Resumed.  
PARIS, Feb. 13.—The bill in the Denby & Gerwig furniture factory, one of the largest in this city, resumed operations this morning, employing 100 men,

### TROUBLE IN SAMOA FEARED.

Natives Object to Having Their War Implements Impounded.

CHICAGO, Feb. 13.—A special to the Herald from Victoria, B. C., says: Latest news from Samoa is that scarcely had the British warships left ere rumors of disaffection were rife. The cause is the proposed disarmament of natives in the Thomasaga district.

The natives there favor the proposal if carried out generally, but in other districts the natives declare they will fight rather than have their war implements impounded by any power, through a treaty or otherwise. There is trouble brewing. It is believed, that could have been avoided had men of war straightway seized every warlike weapon at the time the Matafua uprising was suppressed.

Consuls have warned the disaffected Samoans that no nonsense will be tolerated, and in a few instances apologies for the defiant tone employed have been received at Apia, but the situation is nevertheless considered to be serious. Measles, an epidemic, has disappeared from the islands. Over 1000 deaths occurred in the group, a large number being from sickness superinduced by measles.

### MANY PEOPLE DEFRAUDED.

A Defunct Iowa Bank That Was a Gigantic Swindle.

CHICAGO, Feb. 13.—A special to a morning paper from Atlantic, Iowa, says: C. C. Vetter, president of the defunct Cass County bank, was brought here yesterday afternoon under arrest. He was found at Council Bluffs, where he had been living at the home of Dan Carrig.

The return of Vetter has only added to the intense but suppressed excitement of the people of this city and most of the inhabitants of Cass county. He waived examination and was bound over to await the action of the grand jury in the sum of \$5000. His friends advised that he go to jail for his own safety from threatened mob violence, but he thought that he was safe at his home. If he attempts to leave town trouble will result.

The failure of the Cass County bank has seriously affected a large number of people. It is said that nearly \$500,000 of their savings have been lost; in fact that they have been defrauded out of this sum through criminal means is openly asserted without contradiction.

### A Bank Teller's Suicide.

CHARLESTON, W. Va., Feb. 13.—Henry Driden, a young man 24 years of age, teller of the Citizens National bank here, committed suicide last night by shooting himself through the heart. There is no shortage in the bank accounts. He was corresponding with a young lady in Kentucky, but no one knows who, and it is supposed to have received a letter from her last evening. He left all his belongings in photographs and left no explanation of his act.

### Iron Works Destroyed.

BATH, Me., Feb. 13.—The Bath Iron Works at 2:30 o'clock this morning and destroyed the joiner shop, Machine Shop No. 2, bending shop and ship shop. The loss will reach \$175,000. Treasurer Hyde says the company will not rebuild here.

### Injured By an Explosion.

CHICAGO, Feb. 13.—A. E. Kirby, of Hammond, Wis., was passing Madison and Clark streets yesterday when a manhole exploded and a piece of the sewer pipe struck him. He is a postal clerk running between Chicago and Duluth.

### SOLDIERS' ADDITIONAL SCRIP.

A Bill Which Would Affect Some Minnesota Land Cases.

Congressman Wilson, of Washington, has introduced a bill to legalize certain entries of public lands made by what is known as "soldiers' additional homestead scrip." In substance it legalizes such entries whether or not there was a sale or an attempted sale of the land prior to the entry.

This bill would operate to legalize in effect transactions under the notorious powers of attorney, which have cut such an important figure in securing title to the public lands of Minnesota. The practice in these cases has been very simple. Soldiers who had made fractional entries were looked up by the speculators and for a small consideration local land officers would issue the proper certificates, showing that these soldiers were entitled to an additional entry.

Then the soldier would be hunted up and induced for a nominal sum to give a power of attorney authorizing the entry in his name of the fractional quantity of land, the description being left blank. Usually in the same power, but sometimes in a separate one of the same date the soldier was made to authorize and empower the person so constituted his attorney to sell the land when entered. In many cases the soldier's consideration was a mere promise or a contingent interest. This practice was discontinued when the government learned that the soldier must appear in person to make his entry, and most of the cases have already passed to patent, and it is not the policy or practice of the government to interfere with any of these.

However, several courts have held that even though the title rests in patent to a soldier, the power of attorney to sell the land notwithstanding the sale and transfer under the void power. Under these rulings a number of soldiers have been able to sell their property for a consideration or to hold and occupy their lands themselves. The bill is intended to correct the defects of title, and there are a number of contests now on in Minnesota over this very issue, in which a certain railroad or its officers are parties.

The bill referred to does not ostensibly aim at such cases, but its practical effect would be to dispossess the grantee in a deed made by the soldier in person in favor of the party who might have acquired title by a sale under one of the powers of attorney. The bill is in the committee on public lands, but will be closely scrutinized before it is allowed to become a law.

## ROOF CAVED IN

Thirteen Miners Imprisoned by the Roof of a Coal Mine in Pennsylvania Falling in.

The Air Supply is Shut Off and the Chances of Living Very Long is Small.

An Army of Rescuers Now Hard at Work Trying to Rescue the Entombed Men.

It Will be Several Days Before the Men Can be Reached and Their Fate Ascertained.

WILKESBARRE, Pa., Feb. 13.—An extensive cave-in occurred at the Gaylord mine of the Kingston Coal company at Plymouth this morning. A large number of miners and laborers were at work under a section of the roof which has for some time past been considered very weak. After a shot had been fired and without any warning whatever the roof, consisting of rock and coal, fell in with a heavy crash. It is not known as yet whether any of the men were killed outright by the falling debris, but it is known that thirteen of them are hemmed in in one of the gangways.

The air supply is now shut off and the chance of living for any length of time is very small. An army of rescuers are hard at work trying to reach the entombed men. There is great excitement at the mouth of the slope. The relatives of the men shut in the mine are gathered about the place and their lamentations are pitiful.

Later—The names of the unfortunate men who are imprisoned are as follows: Thomas Picton, Thomas Jones, Richard Davis, John Morris, James Kingdon, Thomas Morrison, Thomas Cole, Joseph Ords, Daniel Morgan, John Amer, Peter McLaughlin, Michael Walsh and Thomas Layson.

The section of the mine in which the men are imprisoned is a portion of the Baltimore vein, which at this point is very thick and they were engaged in placing large timbers as a prop and support for the roof.

The affected part covers an area of 600 yards and at 12:30 o'clock this afternoon there is a strong disposition on the part of the men who are well acquainted with the mine to say there is little hope of their being rescued, especially if the fall is one that has had some force and no resistance to fill up the worked-out gangways and chambers of the Baltimore vein. It will be several days and the most heroic work must be done before the men can be reached and their fate ascertained.

### BLIZZARD IN INDIANA.

One of the Most Severe Storms Experienced There for Years.

INDIANAPOLIS, Feb. 13.—The blizzard which raged yesterday all over Indiana is one of the most severe that has visited the state in years. The storm came in from the west at 3 o'clock in the morning on the wings of a gale. The snow that fell had been ground fine. The high wind that prevailed sifted into every crack and crevice and drove it into the faces of those exposed until the sting of it suggested a blast of bird shot. The snow had fallen measuringly subsided at 10 o'clock, at which time the fall of snow varied from six inches in the southern part of the state to eighteen inches in the north. No loss of life is reported, but it is apprehended that stock will greatly suffer and quail and pheasant are likely to be decimated. Railroad trains were greatly delayed on every line. The telegraph lines were down in every direction owing to the accumulation of ice on the wires.

Much damage and delay resulted from the falling of telegraph poles, there being fifty-one poles removed from the Big Four tracks between Greensburg and Lawrenceburg.

### BY A VERY SKILLFUL PEN.

One Dollar Bills Raised to "Tenner" in Pennsylvania.

McKESPORT, Pa., Feb. 13.—Yesterday afternoon when a prominent merchant presented a \$2 bill at one of the leading banks, the cashier discovered that it was raised to a "tenner." The counterfeit had been so successfully executed that it was not discovered until presented at the bank.

Another merchant discovered a \$1 bill raised to a "tenner," which had been evidently raised by the same skillful pen. It is feared that an organized gang of counterfeiters are at work in this vicinity.

### Is It Constitutional?

TRENTON, N. J., Feb. 13.—A bill prohibiting telegraph companies from transmitting race track news was passed by the house this morning.

The funeral of Mrs. S. F. Boyce, took place this morning from the family residence, 1531 Jefferson street. Rev. A. W. Kyn, of St. Paul's Episcopal church, officiated and a large number of friends were present. The pall bearers were S. M. Chandler, C. M. Vance, L. P. Stinson, F. J. Marsh, Frank Merritt and W. B. Phelps. The body was deposited in the vault, where it will remain until spring.

### THE TROUBLE IN BRAZIL.

Crisis in Peixoto's Cabinet Imminent and Insurgents Making Gains.

NEW YORK, Feb. 13.—A special to the Herald from Montevideo, Uruguay, says: The Herald's correspondent in Rio Janeiro sends word that it is rumored in the city now that a crisis in Peixoto's cabinet is imminent.

Word has reached Rio from Santos that the rebels have landed at Iguaçu, a town in the state of Saopaulo, on the south bank of the Iguaçu river, and are marching upon the city of Sao Paulo, capital of the state of that name.

From Rio Grande do Sul a report has just been received that the government troops have met defeat at Ombu. Three hundred of them were killed and their munitions of war and provisions captured.

**SUICIDE NEAR CINCINNATI.**  
Richard P. Fox Found Hanging With a Rope Around His Neck.

CINCINNATI, Feb. 13.—The dead body of Richard P. Fox was found early this morning hanging from a beam with a rope around his neck beneath the Friend & Fox paper mill on Cooper avenue, Lockland.

Mr. Fox has been missing since Jan. 31. When found he was suspended with his feet trailing along the floor for about eighteen inches, leading to the conclusion that he allowed himself to slowly strangle to death.

His body was in an advanced state of decomposition, and it is evident that he committed the deed on the day that he so mysteriously disappeared. The coroner was notified and will hold an inquest some time during the day.

### THE WINNIPEG BONSPIEL.

The Greatest Gathering of Curlers on This Continent.

WINNIPEG, Feb. 13.—Winnipeg has been taken possession of by curlers who have gathered here from all parts of the country to compete in the big curling bonspiel which opens today. It is probably the greatest gathering of curlers of the men shut in the mine. The coroner was notified and will hold an inquest some time during the day.

Seventy rinks are entered for the first event, the grand challenge cup, which is a costly trophy donated by the New York Life Insurance company. Among the most likely of the American rinks entered is that skipped by Nettleton, of St. Paul, and composed of the most expert curlers of the country. The bonspiel will last four days.

### DULUTH & WINNIPEG BILL.

Favorably Reported by the Senate Committee and Will Pass.

WASHINGTON, Feb. 13.—[Special to The Herald.]—The bill granting a right-of-way through the Chippewa and White Earth Indian reservations to the Duluth & Winnipeg Railway company was favorably reported on by the senate committee on Indian affairs today.

This bill has the consent of the interior department officials and Senator Washburn says there is no doubt of its passage.

**Ocean Steamships.**

### Will be a General Denial.

CINCINNATI, Feb. 13.—Attorney Green appeared before Judge Scales today in Mayor Hopkins' election contest and asked for twenty days' extension of time to plead to or answer the petition filed by the Republicans. Judge Scales entered the order as requested. Mr. Green said he would file the answer in a few days, which would be a general denial of the charges contained in the petition.

### An Embezzler Escaped.

KOKOMO, Ind., Feb. 13.—Cal Armstrong escaped from jail at this place last night. He was convicted of the embezzlement of \$50,000 while acting as assistant treasurer of Tipton county. He was sentenced last Saturday to three years in the penitentiary. It is supposed he was aided in his escape by parties outside of the jail.

### Survived the Storm.

MILWAUKEE, Feb. 13.—The storm having broken during the night the intake crib was visible this morning, and soon after dawn smoke was seen issuing from it, which showed that the men were safe. Later Contractor Murphy and a companion came ashore. He reported that the men worked as usual all day yesterday.

### Kenyon is Satisfied.

ST. PAUL, Feb. 13.—[Special to The Herald.]—Public Examiner Kenyon in his report to the governor on the American Loan and Trust company of Duluth, reports that it is in process of liquidation and gives voluminous schedules of its assets and liabilities, but makes no comment. He evidently is satisfied with the conditions.

### Congressman Wilson Improving.

KANSAS CITY, Feb. 13.—Congressman W. L. Wilson, of West Virginia, who has been confined to his room in the Coates house here since Saturday, suffering from tonsillitis, continues to improve slowly and as soon as train service is re-established he will start with his wife for Mexico.

### Guilt of Murder.

MIFFLINTON, Pa., Feb. 12.—James Carpenter, on trial for the murder of his father, was convicted last evening of murder in the first degree.

### Hans Von Bulow Dead.

CAIRO, Feb. 13.—Hans Von Bulow, the distinguished pianist, died here yesterday.

### A Pittsburgh Death.

PITTSBURGH, Feb. 13.—James B. Scott died at his home, Ridge avenue, Allegheny, at 3:30 o'clock this afternoon.

## Tomorrow St. Valentine's Day.

Nobody knows just when or where the celebration of this day began. It seems to have been handed down to us from the old Roman times and was perhaps intended to celebrate the return of spring. As the birds began to mate about that time the day was made sacred to the tender passion. That's all right. We believe in love. Not only the kind presided over by St. Valentine, but of the outgrowth of civilization—the LOVE OF PERSONAL ADORNMENT. What's the use of having "this human form divine" unless you care for it and dress it so as to make it a source of joy to yourself and pride to your friends.

## WEST DULUTH ITEMS

West Duluthians are Not all Looking for Office, Reports to the Contrary Notwithstanding.

Some Candidates May be Presented But Their Personal Fitness Will be the Only Claim Advanced.

W. S. Norton Discharged of Obtaining new Under False Pretenses, No Intent Having Been Proven.

From some of the published reports sent out from West Duluth since the election officers might be led to infer that the Republican leaders here were a pack of hungry wolves and were all huddled together with open mouths waiting for some fat office to be thrown to them without regard to the recipient's fitness or qualification. Such is not the case, however, as there are many who worked hard through the campaign through party patriotism and not for the spoils of office.

Most of the vagaries which have been printed are on a par with the campaign roadblock that G. J. Mallory had been promised the chief of police in case of the election of Lewis. There is no doubt that West Duluth merits and will receive recognition for splendid services at the hands of the Republican party, but the people here expect a candidate to present some other recommendation for office than that he blew his bugle in the late short and glorious campaign.

## NORTON WAS DISCHARGED.

Court Found That There Was No Evidence of Intent to Defraud.

The case of F. H. Densler against W. S. Norton, the land explorer, was tried before Judge Himebaugh yesterday afternoon. The plaintiff's claim was that Norton had shown him one piece of land and located him on another and collected a fee of \$150 for his services. The direct charge was of obtaining money under false pretenses, the case being brought as a criminal action. The fact that there was little or no timber on the claim was proven by several witnesses. The defense claimed that the minutes of the land were obtained from a man by the name of Cummings, on the supposition that they were correct and that therefore there was no attempt to commit fraud by Norton. The court ruled that there was no evidence of a fraudulent intent and discharged the prisoner.

## WEST DULUTH TODAY.

Trading Was Fairly Active But Prices Were Irregular.

Wheat was fairly active but irregular and fluctuating. The first session of the board was Saturday, and as compared with the close on that day the opening was \$1.15 lower for cash, lower for May and the lower for July. Prices fluctuated considerably, May advancing to an even bid during the opening. There was good trading for May and July delivery, and fair sales were made of the two latter grades for cash. The close was practically lower all round than Saturday, as follows:

No. 1 hard, cash, 91¢; February, 91¢; May, 91¢; July, 91¢; No. 2 northern, cash, 87¢; February, 87¢; May, 87¢; July, 87¢; No. 2 northern, cash, 85¢; No. 3, 81¢. Rejected, 75¢. On track—No. 1 northern, 81¢; No. 2, 77¢; No. 3, 73¢; barley, 30¢; No. 2 oats, 27¢; No. 3, 24¢; clover, 22¢.

Car inspection today—Wheat, 110; corn, 11; Rye, 10; clover, 10; No. 1, 10; No. 2, 10; No. 3, 10; No. 4, 10; No. 5, 10; No. 6, 10; No. 7, 10; No. 8, 10; No. 9, 10; No. 10, 10.

Freder C. Olsen, of Norway, has legally declared his intention of becoming a citizen of the United States.

Application was made this morning before Probate Judge Auer to have Peter August Danielson sent to the state insane asylum. No action was taken but the case will be investigated.

The books and other debris which fell into Third avenue during the progress of the fire at the Board of Trade have been partially removed and this morning an open space had been cleared large enough for the passage of teams and wagons.

The great lanterns are plying their trade on the roof and stairways of the court house. The upstairs part of the court was finished over a week ago and now the stairs leading down the main light of stairs are receiving their finishing touches.

W. P. Basher has received from General Manager Plafin appointments as agent of the Duluth, Mississauga & Northern railway.

The birth of a son to Richard and Katie Richter, 517 1/2 First Fourth street, has been reported to the board of health.

Two drunks were all that sat on the morning's bench in the police court this morning and Judge Vein gave them a regulation disposition.

The cases of two men charged with aiding liquor without a government license which were to have been heard by Judge Carey last evening were postponed until Thursday.

## THE FEDERAL APPOINTMENTS.

They Were the Subject of Much Comment Today—A New Candidate.

The appointments of F. L. Ryan, as receiver of the land office, and J. Adam Bede, as United States marshal, are the talk of the city today, particularly the latter's. Even the Democrats themselves are surprised at Bede's good fortune, and nearly all of them believed that any of the city's offices would be the United States district attorneyship, either Mayor d'Autremont or Judge Lipp securing the prize. But it seems not to have been so ordained and May, Baldwin's "unfortunate" is a little more highly regarded than it was twenty-four hours ago.

One thing is settled by this appointment, the district attorneyship will go elsewhere. Lipp and d'Autremont plainly see that their chances for serving Uncle Sam are gone. Mayor d'Autremont thinks it will go to May, Baldwin, and there are some who think it will go to George N. Baxter, who served under the former Cleveland administration.

The coming off of Marshall's appointment as collector of customs is the subject of just as much comment as those made. He was supposed to have the support of the powers that be, and probably did, but lately Maj. Baldwin's Duluth advisers have been weakening and a few days ago, it seems, a protest was sent to Marshall out of the field. R. J. Monahan would "take the role," but was not so elected. Another candidate was trotted out and has been sent in to be backed by the same "powers that be." That man, Emil Olund, of West Duluth, who allowed himself to be sacrificed on the Democratic altar in 1892 by becoming the candidate of the Democracy for county treasurer. Should he secure this post it will be a pretty fair reward for his party devotion.

There is more activity in this section of the country than all other diseases put together, and will the last time have been so noticeable. For a great many years doctors commenced it with a cold, and by constantly failing to cure it, they have made it a chronic disease. Science has proven that it is a constitutional disease and therefore requires constitutional treatment. Bull's Cataract Remedy, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer 100 for any cure it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, Ohio.

The Jury Decides That Paddy McDonnell Was Overpaid on a West Duluth Street Contract.

City of Duluth Gets a Verdict Against Him For Over Thirty-Five Hundred Dollars.

Disposition of Cases Made This Morning and Those on Trial—One Criminal Arraigned Today.

The jury in the case of the City against P. McDonnell, brought in a verdict in favor of the city for the sum of \$3,521.83. The case was one brought by the village of West Duluth, in place of which, as plaintiff, this city was substituted, to recover the sum awarded which, it was claimed, was overpaid McDonnell on a paving contract finished in West Duluth. The testimony in the case developed the fact that the contractors paved into intersecting streets further than the curbstone line. The verdict was for the full amount claimed, with interest.

The case brought by the Fitzsimmons-Warfield company against Peter Shipley to recover \$140.75, was finished this morning and given to the jury.

The jury in the case of S. E. Smith vs. A. E. Humphreys is still out.

The case of the Dubuque National bank vs. P. L. Peterson et al in the matter of a promissory note for \$2000 was finished this morning. The court instructed the jury to return a verdict in favor of the plaintiff for \$2281.51, principal and interest.

In the case of Sufell & Co. vs. Herman E. Long, et al, suit was discontinued without costs as to Sallie J. Long, by common consent.

Judgment will be entered in the case of Scotland and Holston Lumber company vs. A. C. Gilman as per a stipulation on file.

John Wells was brought into court and pleaded not guilty to a charge of grand larceny in the second degree.

Amos T. Whitman vs. George Eugene, et al, was continued.

In the case of the National Bank of Commerce of Duluth vs. J. T. Culbertson, et al, jury trial was waived and the suit made a court case.

## THE DAVIS-LOWRY PARTY.

Report That Mr. Davis Might Buy an Interest in the Street Railway.

Messrs. Davis, Douglas, Finch, Hartley and Lowry, who returned from their trip this morning where they had been the guests of President Greatainger and Joseph Selkirk, spent the day in the city. They took a ride over the principal streets and went up onto the boulevard.

THOMAS LOWRY.

A report was circulated quite extensively throughout the city today that Mr. Davis was figuring on the purchase of an interest in the Duluth Street railway. When asked in regard to this Mr. Davis said that he had nothing to say about it. "I have been up here on a pleasure and sightseeing trip rather than a business one. We have been up on the range with Mr. Greatainger just to see the country."

The party leaves at 6 o'clock tonight for Philadelphia over the South Shore.

Fielder B. Chew, after an absence of several months, was found at his desk in the Temple this morning. Mr. Chew has been in Washington all this time, but does not seem sorry to be in Duluth once more. He comes back more or less posted on matters in the Capital City and knows something of the working of matters political as related to Duluth, the Sixth district and the state of Minnesota. Mr. Chew says that the report alleging that he called Duluth Populists "anarchists" was an incorrectly stated fragment of a conversation he engaged in when a newspaper correspondent was present.

## FELL OFF THE ELEVATOR.

Helge Johnson Nearly Killed in the Chamber of Commerce Building.

Helge Johnson, elevator man in the Chamber of Commerce building, was badly hurt yesterday. He was on the freight elevator which hangs underneath the passenger car. The car was running down and he failed to shut it off. It knocked him down and when about two feet from the bottom, reversed automatically, as it always does. He got rattled and attempted to jump off. In doing so he struck his head and was stunned, then rolled off, was squeezed pretty hard between the freight elevator and the iron screen and fell about fifteen feet to the bottom.

He was picked up and carried over to Dr. Magie's office. His head was badly cut, but the most serious injury was in his abdomen, which seemed to have been internally injured. He was taken to St. Mary's hospital and this noon was reported as considerably better.

## WILL BUILD AT ONCE.

Board of Trade Receives an Offer of All the Money It Needs.

The board of trade opened up for business this morning in the Chamber of Commerce. The room secured was considerably enlarged by the tearing out of some partitions and although considerably crowded, the members are doing business.

The erection of a new building will be pushed and work will begin in the near future. The directors met yesterday and a proposition was voluntarily submitted to them offering all the money needed for the erection of a new building and the party making the offer agreed to furnish it at once and as fast as it is needed. President Spencer says that the work will be begun as soon as possible. If the parties who gave the First street site renew their bonus it will go there; if they do not it is possible the building will be erected on the site of the burned structure.

There is one thing which President Spencer wishes to emphatically deny and that is, that a proposition to go to Superior was ever even thought of. It was published in Superior papers yesterday that the board was going to move over there. The report was sent broadcast over the country which is sufficient to show that it originated in the brain of some "string fiend" who seized the opportunity to make a few cents regardless of whether there was any truth in his matter or not. There will be a new board of trade building erected this year and it will be built in Duluth.

## Imperial Flour.

READ what the leading Commercial paper of America recently had to say about Duluth flour:

"Flour was dull and unsettled on spring patents, as the Duluth mills are making the market for Minneapolis not only, but getting the trade, as they are able at that point to get better wheat than Minneapolis at less cost, while not making such a large percentage of patents as Minneapolis and hence a better and stronger flour, which is taking the place of the Minneapolis brands of older reputation at less prices." ### MUTILATED BY LIONS.

A Keeper at Col. Boone's Arena Was Probably Fatally Injured.

SAN FRANCISCO, Feb. 14.—During the performance at Col. Boone's arena at the Midwinter fair last night the electric lights went out, and in the darkness one of the keepers, Carl Thiemann, was attacked and horribly mutilated by two fierce lions. Thiemann is now at the receiving hospital and grave doubts are entertained as to his recovery. He was rescued from certain death by the coolness of Col. Boone, who entered the cage and beat the animals back from their victim.

### May Come to America.

PARIS, Feb. 14.—Prince Colonna, whose wife, the daughter of Mrs. John W. Mackay, recently instituted proceedings here to secure a judicial separation from him, has left Paris. It is believed that he is on his way to London. The prince was informed of the arrival of the princess and their children in New York a few days ago and it is thought that he may possibly intend to take passage for that city from either Liverpool or Southampton.

### Died From Smallpox.

CHICAGO, Feb. 14.—Sister Alvina, one of the nurses at the smallpox hospital, died last night. She contracted the disease while caring for the patients.

### IF ALIVE, THEY WILL STARVE.

The Entombed Miners at Plymouth Cannot Be Rescued.

WILKESBARRE, Pa., Feb. 14.—There are no new developments today at the Gaylord mine in Plymouth. The rescuers are working hard through the solid coal to reach the entombed miners. So far they have been unable to communicate with them in any way. Should they all be alive now, it is safe to say they will starve before they can be reached. In this event eleven widows will be left to care for forty-five orphans.

### Tiles Not Defective.

NEW YORK, Feb. 14.—J. Edward Simmons, chairman of the Chicago & Northern Pacific bondholders' committee, says that the report that defects have been discovered in the tiles to property held by the Chicago & Northern Pacific Railroad company is without foundation. Receiver Van Norden states that all the tiles to the company's property are without defect and perfectly satisfactory to the receivers, and that the report is absolutely without foundation.

### The Australian Ballot.

BERLIN, Feb. 14.—The reichstag has adopted a proposal made by Heren Rickert and Groeber to introduce in Germany the Australian method of polling. A very large majority of the members voted in favor of the proposal.

## WOOL MEN HAVE HOPE

They Are Now Faintly Hopeful That a Small Duty Will be Placed on Wool.

Great Pressure Upon Certain Democratic Senators Whose Constituents Are Interested in the Article.

'Now Probable That a Fight for a Re-commitment of the Bill Will be Inaugurated.

WASHINGTON, Feb. 14.—The wool men are preparing to make a final effort to get a hearing before the senate finance committee, and begin to have a faint hope that a small duty will be placed on the article in which they are so vitally interested. It is understood that great pressure has been brought to bear upon certain Democratic senators, whose constituents are largely interested in wool, to co-operate with Republicans in forcing the finance committee to give this industry a hearing.

The men interested say they do not ask unlimited time, but only seek that their authorized representatives, those of the officials of the association which was in session here when the committee made its adverse decision, may be heard. They would not, they say, be opposed to all a day or two. Mr. Brice, of Ohio, is understood to have said that he believed a small duty ought to be kept on wool, and there are two or three other Democrats from the Northwest who, it is believed, can be induced to act favorably to wool. At least, the wool men feel much more confident than they did, and the fact that the sub-committee is now considering the alleged great disparity between free wool and the duty on the foreign article leads the wool men to think they will secure some advantage as a result of this investigation. It is probable that the fight for a re-commitment of the bill will be inaugurated by those senators interested in this product, and the cheerful mood in which such senators appear to be indicates that they have hopes of good results.

It is apparent, however, that the chances for recommitment, the bill with instructions to have hearings are not so good as they were two weeks ago, for the reason that the finance committee, if such result be possible, will conciliate all the factions within the Democratic party and report to the senate a bill that will commend itself to the united party. Legislators which now exist are expected to be wiped out, and if this be true, there will be little probability of any Democrats joining hands with the Republicans to compel the finance committee to take a fresh start.

**WERE TERRIBLY EXHAUSTED.**

Bitter Experience of the Captain and Crew of a Wrecked Schooner.

SCITUATE, Mass., Feb. 14.—Capt. St. John and the seven members of the crew of the three-masted schooner Minnie Rowan, which went ashore off First Cliff Point yesterday, were safely landed about 9:30 last night by Capt. Stanley and the life saving crew of the Fourth Cliff. They were badly frost-bitten and terribly exhausted after their experience of the previous eight days, having spent the greater part of that time in the rigging.

At one time the rescuers could have brought off the crew, but they refused to leave the captain behind. He had broken his leg some days previous and had been lashed to the rigging by the crew. It was impossible for them to get him into the life boat and the latter returned to the shore without the sailors.

About 9 o'clock the weather had moderated considerably, and the rescuers again set out and at last succeeded in reaching the schooner. It was a difficult task to get Capt. St. John into the boat, and the first attempt failed and he went overboard. He was finally pulled aboard and after taking in the seven members of the crew a safe landing was effected at Fourth Cliff and the men were taken care of.

The schooner will, with her cargo of coal, be a total loss. The vessel's masts are still standing. Capt. St. John has been quite ill since he came ashore, requiring the services of a physician, and tonight his morning condition was somewhat improved.

**WILL AID THE INSURGENTS.**

Col. Mariano Has Escaped and Will Join the Brazilian Rebels.

Buenos Aires, Feb. 14.—Admiral reached here yesterday from Pernambuco that Col. Mariano, the autonomist, who was recently arrested, has escaped and will now aid the insurgents in the state of Parahiba.

It is added that President Peixoto suspects Governor Lima, of Pernambuco, of intending to secure the separation of the national states from the republic and of setting up a new government with himself as president. Peixoto has ordered that Governor Lima be arrested at the first sign of disloyalty.

**An Etruscan Tomb Opened.**

ROME, Feb. 14.—Baron Blanc, minister of foreign affairs, recently invited Mr. Pittor, the American minister; M. Billot, the French ambassador; M. Dehlid, the minister of Sweden and Norway, and Professor Helbig, to go with him to witness the opening of an Etruscan tomb that was discovered some days ago at Tarquinii, the ruins of which ancient city are located about a mile from Corneto, province of Rome. The invitation was accepted and today the party went to the tomb and saw it opened. It was found to be filled with relics of the period 500 B. C.

**Wants to Go to Alaska.**

WASHINGTON, Feb. 14.—Eugene P. Moore, of Louisville, has filed his application for special agent at the seal islands, Alaska.

## CYCLONE IN MISSISSIPPI.

Two Small Interior Towns Reported Blown Away.

CHICAGO, Feb. 14.—A special from Jackson, Miss., says: The cyclone of Monday passed through a sparsely settled section. It crossed the Illinois Central railroad between Beauregard and Martinsville, two small stations. From there its direction was through several interior counties that have no railroad communications. On this account only meager details have been received.

Hewlett and Georgetown, two small interior towns, are reported blown completely away. Near the railroad where the cyclone crossed there are few people. There the wind was very heavy and leveled everything in its path. The following persons are reported seriously injured in that vicinity: Mrs. Flynn, Mr. Quarles and child, John Kelly. In that immediate vicinity first reports of the damage seem to have been exaggerated, as no one is reported killed.

## MAY RETURN TO CONGRESS.

Friends of Governor McKinley Want Him to Run in His Old District.

CHICAGO, Feb. 14.—A special to the Tribune from Massillon, Ohio, says: It is probable in the absence of a peremptory refusal to allow his name to be considered that the friends of Governor McKinley in this, his old district, will present his name at the convention which will nominate a successor to Representative Iker.

Two years ago he refused to have his name used on the ground that he had a contract with the state of Ohio to serve out his term. This is equally true now, yet having been elected to serve his second term, which will expire this year, after the next congressman from the district goes to Washington, the interval is so short as to be inconsequential.

## WANTS TO BE RE-ELECTED.

Senator Berry's Address to the People of Arkansas.

LITTLE ROCK, Ark., Feb. 14.—Senator James H. Berry yesterday addressed a lengthy communication to the voters of Arkansas announcing his candidacy for re-election. In his letter Senator Berry asks for the support of the people of Arkansas on the grounds of his opposition to the unjust applications for pensions, his fight against the federal bill to secure appropriations for improvements along the Mississippi river, and other measures for which he has worked during his senatorial career.

In conclusion he says: "I am proud of Arkansas, of her people, and proud of her past history. It is my highest ambition to contribute something towards the development of the great resources of the state, something to the happiness and prosperity of the people who have so often honored and trusted me."

## THIRTY LIVES WERE LOST.

The Great Storm of Sunday Caused Fatalities in Oklahoma.

KANSAS CITY, Feb. 14.—Reports received here today from Oklahoma and the Indian Territory make it almost certain that at least thirty lives were lost in the great storm of Sunday.

Many isolated homesteads where the families were poorly prepared for the winter cannot be heard from for days and possibly weeks, and there is reason to believe that thirty will not represent the total number of the dead.

In Western and Southwestern Kansas the storm was particularly disastrous, able that more than one dead body will some day be found.

## BIG GAMBLING CARNIVAL.

A Ten Days' Event in Mexico Where Innocents Were Fleeced.

ST. LOUIS, Feb. 14.—A special to the Globe-Democrat from the City of Mexico says: The annual gambling carnival which has been running for ten days in the suburbs of Tacubaya has called forth an unusual amount of criticism. This year many robberies by the sharpshooters have occurred, and among the innocents fleeced have been a number of American tourists, several of whom are losers in considerable amounts.

The gambling resorts have run day and night and the number of games is so great that the streets of the place have also been tenanted all through the day and into the night with all sorts of swindling devices.

## SHOT WIFE AND CHILD.

The Crime of a St. Louis Doctor Who Surrendered Himself.

ST. LOUIS, Feb. 14.—Dr. Deustrow, of 1744 South Compton avenue, walked into the reservoir police station shortly after 5 o'clock last evening and surrendered himself, stating that he had accidentally shot his wife. He refused to make any further statement concerning the shooting or to go into any details.

Deustrow was locked up and a police officer was sent to investigate the affair. It was learned that the doctor had shot both his wife and 5-year-old boy. Both were shot in the head and the child was killed, but the wife is still alive. Dr. Deustrow is a son of the late Louis Deustrow, the Granite Mountain millionaire.

## Taxable When Reimported.

WASHINGTON, Feb. 14.—No leakage is to be allowed on reimported work. Attorney General Olney has decided that reimported whisky, when withdrawn from bond, is taxable according to the number of gallons at the time of importation. This view, he says, was held by the circuit court of the United States for the district of Kentucky and should be considered as settling the matter, until called into question by some other adjudication of equal weight.

## Blaze in Chicago.

CHICAGO, Feb. 14.—The building at 1037 West Monroe street, occupied by several manufacturing plants, was damaged by fire early this morning to the extent of \$10,000. The loss to the occupants of the building is estimated at \$17,000. Fully insured. Origin of fire unknown.

## CONFESSED HIS NAME.

The Identity of the Man Who Threw the Bomb in a Paris Cafe is Disclosed.

Emile Henry is His Right Name and He Was Born of French Parents in Spain.

Deplores the Meagerness of the Effects Produced by the Explosion and is Very Cynical.

PARIS, Feb. 14.—After considerable trouble the police have finally established the identity of the man who threw the bomb in the cafe of the Hotel Terminus Monday night. The authorities believed the name "Leon Breton," given by the man when he was arrested, was an alias, and inquiries to establish his identity were pursued in every direction.

It has now been ascertained that his right name is Emile Henry. He was born of French parents in Barcelona, Spain, on Sept. 20, 1872. He recently lived in London, where the police knew him to be an anarchist. The English police, it appears, were aware that he had left London on Jan. 18 last, and proceeded direct to Paris, where he has been since.

The prisoner has confessed that his right name is Emile Henry. He denied having any accomplices. Henry told the prefect of police that Vaillant's act was infantile. He had used only nails in the bomb he had thrown in the chamber of deputies. Slugs were better for use in demolishing the bourgeois.

The prisoner then told of how he had thrown his bomb, saying that he held it on his knee while he was lighting the fuse attached to it. He was surprised that the explosion had caused so little damage, and said that his bomb was either badly made or the fuse attached was defective. He deplored the meagerness of the effects produced by the explosion. He was very cynical in speaking of the affair.

**HAS MADE NO COMPROMISE.**

Baldwin Has Not Asked or Expected Anything From Doran.

WASHINGTON, Feb. 14.—[Special to The Herald.]—Representative Baldwin stated to The Herald correspondent today that the reports sent to Northwestern Republican papers from Washington to the effect that Doran and he had effected a compromise which resulted in the appointment of Hile as marshal were untrue in every particular.

Baldwin says he has never held any negotiations with Doran on this or any other appointment. He has not asked or expected any favors from Doran. It appears that if there is any credit to any one in having Hile appointed, all this credit is due to Baldwin and to him alone.

**OLD WILL BE COLLECTOR.**

Maj. Baldwin Has Recommended Him in Place of Marshall.

WASHINGTON, Feb. 14.—[Special to The Herald.]—On account of the opposition of Duluth Democrats, Representative Baldwin, according to his own statement, has been compelled to withdraw his support from C. J. Marshall, whom he recommended and whose appointment papers were signed last week for collector of the port of Duluth.

Maj. Baldwin claims that a flood of protests have come to him from the Sixth district and for this reason he has recommended Marshall in place of Marshall.

**Was Instantly Killed.**

YORK, Pa., Feb. 14.—Matilda Hyde, aged 49, a well known maiden lady of this city, was killed by the cars this morning. She attempted to cross the tracks of the Northern Central railway, in the southwestern part of the city, in front of an approaching train. Nearly every bone in her body was broken. Death was instantaneous.

**Arrest for Horse Stealing.**

GUTHRIE, O. T., Feb. 14.—Near Cottonwood Wells, O. T., yesterday officers arrested J. H. Conklin on a charge of horse theft, just as he was entering the home of his sweetheart. The girl pleaded with the officers to let him go. Conklin, overwhelmed with the disgrace, plunged a knife into his breast, making an ugly wound, but not necessarily fatal. He was cared for and then taken to jail.

**Bussey on the Rack.**

DETROIT, Feb. 14.—Deputy Sheriff Troy, who is attached to the prosecuting attorney's office, who went to Lansing with a subpoena for George H. Bussey, one of the footings committee on salaries amendment returns, returned to Detroit with Bussey this morning. Bussey was looking pale and worn. He will be put on the rack this afternoon.

**Fate of a Lunatic.**

NORRISTOWN, Pa., Feb. 14.—John Richards, about 40 years old of Philadelphia, who has been an inmate of the hospital for the insane here since 1850, escaped from that institution Monday and was found yesterday frozen to death in an out house at West Point school house, eight miles from here.

**Minneapolis Failures.**

MINNEAPOLIS, Feb. 14.—The Northern Mill company made an assignment yesterday of its property to the Gull River Lumber company, as also did Ray W. Jones, secretary and treasurer, make an individual assignment to H. C. Akeley, of the Akeley Lumber company.

**Loss of \$30,000.**

BEDFORD, Que., Feb. 14.—Fire here last night destroyed Brosseau's general store, Kinahan's jewelry store, Rodan's grocery store and a vacant store owned by Arville Martin. The total loss is about \$30,000.

## SNOW FALLING AGAIN.

Kansas Has Been Visited by Another Snow Storm and Railroads Are Blocked Once More.

In Clark County a Man and His Horse Were Frozen While Taking Fuel Homeward.

The Family, Consisting of the Wife and Six Children, Found Senseless From the Cold.

CHICAGO, Feb. 14.—A special from Wichita, Kan., says: Snow commenced falling again yesterday afternoon throughout Kansas and the efforts to restore railroad communication with the western part of the state will be further impeded. Telegraphic facilities are greatly impaired and distances to railroad points are so great in many of the western counties that it will probably be some days before the complete story of the suffering endured by settlers can be told. Succoring parties were formed yesterday in some of the western towns to scour the surrounding country, but little except rumors of their discoveries have so far been received.

In the northeastern part of Clark county a rescuing party came across a wagon on the prairie with the dead body of a man named Lane in it. The horses had dropped in their tracks and were dead. Lane had been in Ashland early the previous morning after coal and food and had succumbed on his way home.

Hurrying on to Lane's farm the rescuers discovered the family, consisting of the wife and six children, in a deplorable condition. Two of the babies were dead and the others were all senseless with cold. In Mead, the adjoining county, the sick wife of a man named Wells, who was taking her to Mead County for medical treatment, died from exposure.

### ROBBERY OF A MAIL STAGE.

The Driver Covered With Winchester and Mail Bags Rifled.

CHICAGO, Feb. 14.—A special to the Herald from Pierce City, Mo., says: Two masked men held up and robbed the mail stage yesterday at Briceville, a postoffice four and one-half miles south of this place. They covered the driver, Sam Allen, with two Winchester rifles, and demanded that he turn over the mail bags and a large sum of money, which he was bringing from Rocky Comfort to deposit in a bank for the merchants at that place.

They made Allen take his knife out and the straps. They turned over the valuable mail registered packages. They then threw the mail and bags in the coach and told the driver to move on and not look back, which order he obeyed until he reached this place and reported the hold up.

Officer Guthrie immediately went in pursuit with a posse, but no trace of the robbers had been found at a late hour. The scene of the robbery is in a bare mountainous country, very thinly populated, and the robbers have an easy opportunity to escape.

### The Brunswick Succession.

BERLIN, Feb. 14.—The Hanover Tageblatt says that Emperor William and the duke of Cumberland have agreed upon terms settling the question of the Brunswick succession. The duke of Cumberland resigns all his rights to the succession in favor of the eldest son, George Ludwig, who beginning after Easter, will study at Dresden. Later he will serve in the Prussian army and upon coming of age he will succeed to the title of duke of Brunswick, renouncing all claims to the throne of Hanover.

### Gave Him a Lesson.

WAUKESHA, Wis., Feb. 14.—Charles Rayner, a stone mason, struck his wife yesterday, and his 10-year-old son, who was observing the quarrel, took a revolver and shot his father three times, all the bullets taking effect. The boy, who is in jail, said he merely wanted to give the old man a lesson. Rayner may recover.

COL. C. W. DEAN.

**SUNSTRUCK IN BATTLE!**  
DR. MILES' MEDICAL CO. FERRHART, N.Y.—I must say the Restorative Serravallo and Nerve and Liver Pills have done me great good.

For years I have not felt as well as I do now. The starting point of my disease was a sunstroke received in battle before Fort Hudson, Louisiana, June 18th, 1865. Up to the time of beginning to take Dr. Miles' Restorative Serravallo and Nerve and Liver Pills I had been unable to get up anything but a few feeble steps. I have now been cured in a few months and can walk across the street. I KNOW YOUR REMEDIES HAVE CURED ME, and that the cure will be permanent. Several of my friends here are using your remedies, and all speak well of them. Yours truly,

### NAMED BY GROVER.

Another Batch of Appointments Sent to the Senate.

WASHINGTON, Feb. 14.—The president yesterday sent to the senate the following nominations:

Eugene Townsend, of Pennsylvania, to be superintendent of the United States mint at Philadelphia.

John R. Ruel, of Pennsylvania, to be collector of customs for the district of Philadelphia.

P. Gray Meek, of Pennsylvania, to be surveyor of customs for the port of Philadelphia.

J. Marshall Wright, of Pennsylvania, to be naval officer of customs for the port of Philadelphia.

St. Clair Mulholland, of Pennsylvania, to be pension agent at Philadelphia.

Maj. James Gillis, quartermaster, to be lieutenant colonel and deputy quartermaster general.

Capt. C. R. Barnett, assistant quartermaster, to be major and quartermaster.

### GAUDAUER MAY ROW SULLIVAN.

Will Go to England in July and Challenge the New Zealander.

NEW YORK, Feb. 14.—Writing from his home at Herley, Ont., to the Police Gazette under date Feb. 9, Jake Gaudaur says: "I have not yet arranged any race with Thomas Sullivan, of New Zealand, now in England. I have entered to row in the international regatta to be held in Austin. I shall go to England in July, prepared to row Thomas Sullivan for \$2500 a side and the championship."

"In regard to the challenge from Wag Harding and Thomas Sullivan to row a double-scutt race over the Thames championship course against George Hosmer and myself for \$2500 a side and the championship of the world, I would say that Hosmer would not suit for a partner, for he is not in condition. A double scull crew going from this country would represent America, and in a contest for the championship it would not do to run any risk of being beaten. I shall try to secure Hanlan or Teemer to fill Hosmer's place. If I succeed the race may be arranged."

### OVER ONE HUNDRED DEAD.

A Fierce Battle in Which Vasquez Was Defeated.

NEW YORK, Feb. 14.—A special to a morning paper from San Salvador says: A battle took place at Tegucigalpa Tuesday between the forces commanded by Gen. Ortiz and those of Vasquez.

Gen. Ortiz succeeded in opening a breach in the defenses of the city. The number of wounded on both sides is large, although it is not yet definitely known. There were over 100 killed. During the battle there was a hand-to-hand fight between the regiments of infantry.

Gen. Ortiz claims the victory and says the road to Tegucigalpa is now open. The telegraph to Amalpa, however, says the city is still in possession of Vasquez. Gen. Ramon Remon has succeeded in making a junction with Vasquez. The latter has now 2500 troops in Tegucigalpa and the Picacho hill, and he expects more reinforcements from Granada. The people of that district sympathize with him.

### A BATTLE IN KENTUCKY.

The Turners and Nolins Meet and Four People Killed.

BARBOURSVILLE, Ky., Feb. 14.—Rumors of another battle in Harlan county between the Turners and Nolins growing out of the recent killing of Dr. Will Nolin are partially confirmed, although details are meager. According to report four people were killed in this fight—Dick and John Nolin, a man named Mullins and a Mrs. Skidmore near whose house the affray occurred.

### Judge Jenkins' Case.

WASHINGTON, Feb. 14.—The house judiciary committee has adopted a substitute for the McGinn resolution looking to the impeachment of Judge Jenkins, of the Seventh judicial district, for his conduct in enjoining the employees of the Northern Pacific railroad in their recent strike. The substitute provides merely for a full investigation of the charges as a preliminary move.

### "Yours Merely" Not Merry.

LOUIS, Mo., Feb. 14.—Sir Stephen Rose, the corespondent in the divorce suit brought by John Russell Rogers against his wife, Minnie Palmer, the actress, applied to the police court this morning for an order restraining Rogers from writing threatening letters to him. The application, however, was withdrawn on Rogers withdrawing all the threats he had made and promising not to repeat them.

### Silva Surrendered.

ST. LOUIS, Feb. 14.—Louis Silva, who was charged by the defunct Brainwater-Bradford Hat company with embezzling \$167,000, while acting as their bookkeeper and cashier, and who disappeared last November, walked into the four courts at 4 p. m. yesterday and surrendered himself. He was released on \$5000 bail.

### Prominent Lawyer Dead.

ST. LOUIS, Feb. 14.—William I. Shannon, one of the most prominent lawyers of this city, died at the Albany hotel Tuesday night of pneumonia. The deceased lived in St. Louis for many years, where he was a partner of Gen. John A. Noble, ex-secretary of the interior.

### Mutilated by the Lords.

LONDON, Feb. 14.—The parish council bill passed its third reading in the house of lords yesterday. The bill, however, was not in the condition it was received in the house of commons, having been greatly mutilated by the amendments made to it in the upper house.

### Differences Settled.

CHARLOTTE, Pa., Feb. 14.—The suits entered by the Charleroi Plate Glass company against six of its employees for riot, etc., and the counter charges made by the men have been amicably adjusted. Indications point to an early resumption of work at the glass plant.

### Ten Workmen Killed.

BERLIN, Feb. 14.—At Luckenwalde, Brandenburg, a factory chimney was blown down and ten workmen were killed and many injured. The storm was the most violent experienced in many years.

This and impure blood is made rich and healthful by taking Hood's Sarsaparilla. It braces up the nerves and gives renewed strength.

## BLAND'S BILL TO PASS.

Congressman Tracey Figures That the Bill to Coin the Seigniorage Will Pass the House.

He is Opposed to Free Silver Coinage and Counts on a Majority Against It.

There Are Thirty Members Who Will Vote for the Seigniorage Bill But Oppose Free Silver.

WASHINGTON, Feb. 14.—Representative Tracey, of Albany, N. Y., who is one of the pronounced opponents of free silver in the house, denounces emphatically that a free silver bill can pass that body. Mr. Tracey thinks there is no doubt that the pending bill introduced by Mr. Bland, of Missouri, to coin the seigniorage in the treasury, will be adopted by a fair majority. The vote on the Bland bill in his opinion, however, will not be an index of what the house will do when confronted with a free silver bill. In other words a number of gentlemen will support the Bland bill who would be unfriendly to any more radical silver legislation.

Mr. Tracey has made an analysis of the prospective vote on the pending measure. He divides his support among the several states as follows: Alabama, 9; Arkansas, 6; California, 6; Colorado, 2; Florida, 2; Georgia, 11; Illinois, 7; Indiana, 13; Iowa, 2; Kansas, 8; Kentucky, 10; Louisiana, 4; Maryland, 1; Massachusetts, 1; Michigan, 6; Minnesota, 3; Mississippi, 7; Missouri, 12; Montana, 1; Nebraska, 5; Nevada, 1; North Carolina, 9; Ohio, 8; Pennsylvania, 5; South Carolina, 6; South Dakota, 2; Tennessee, 8; Texas, 13; Virginia, 10; Washington, 2; West Virginia, 3; Wisconsin, 2; Wyoming, 1.

A further analysis of this vote shows that Mr. Tracey estimates that the Alabama, Arkansas, Georgia, Kansas, Mississippi, North Carolina, Texas and Virginia delegations will vote solidly for the Bland bill, the other delegations dividing to a greater or less extent. He gives the bill but seven of the twenty votes in Illinois; six of the twelve votes in Michigan; twelve of the fifteen in Missouri; eight of the twenty-eight in Pennsylvania. The Maine, New York and New Jersey delegations are put down by him as solidly for the bill, the aggregate vote from this source being forty-six. He gives the bill one of the six votes from Maryland and three of the seven from Minnesota.

Mr. Tracey believes that if a full house be present when a vote is taken, the measure will receive about 180 votes. He thinks that at least thirty of these votes would be cast against a free coinage bill, which in his judgment would render the passage of such a bill impossible. The number of representatives who desire to be heard on the bill on seigniorage exceeds forty. This will carry the discussion until Thursday evening and perhaps longer. Some of the strongest debaters in the house are yet to be heard. These include Messrs. Culbertson of Texas; Rayer, of Maryland; Brosius, of Pennsylvania; Cannon, of Illinois; Tracey and Cockran, of New York; Rankin, of Alabama, and Bryan, of Nebraska.

### Slept in a Snowbank.

RACINE, Wis., Feb. 14.—John Janeschek, while intoxicated, undressed himself and went to sleep in a snowbank. He was taken to a hospital where he died inside of an hour. About a year ago he was found in a snowdrift just in time to save his life.

### Two Men Killed.

BRUSSELS, Feb. 14.—While gun tests were being made at the powder factory at Liege yesterday a cannon exploded, killing two men and injuring several others.

### Carnot's Life Threatened.

LONDON, Feb. 14.—The Pall Mall Gazette says that hand bills dated London and threatening the life of President Carnot, are in circulation in Algiers.

## Hives

Like All Other Blood Diseases, Are Cured by Hood's Sarsaparilla.

"I have been a sufferer for several years with hives, and have tried everything I could hear of, from friends, or ordered by physicians, but nothing cured. In fact, I seemed to be getting worse."

Finally I read about hives being cured by Hood's Sarsaparilla, and decided to try this medicine. Before long the hives were gone. I was almost cured, and now, being on the second bottle, I am entirely cured and take great pleasure in recommending Hood's Sarsaparilla to all who suffer from this distressing affliction. Hood's Sarsaparilla has also helped me in my skin, and the counter charges made by the men have been amicably adjusted. Indications point to an early resumption of work at the glass plant.

## WHAT IS THE MATTER?

If You Don't Know, This Will Tell You Why You're Miserable.

The Symptoms of Catarrh of the Head, Throat, Bronchial Tubes and Stomach—The Copeland Physicians Offer a Free Test of Their Plan of Treatment for These Diseases Without a Penny to Pay.

If you're sick and don't know what's the matter with you, this will tell you. After you've found out, the thing to do is to go without delay to the offices of the Copeland physicians, Lyceum building. It won't cost you a penny for examination, consultation or advice; besides the doctors offer a free test of their plan of treatment to everybody free of all charges. Under this liberal offer there is no excuse for anybody's being sick. Read these symptoms carefully, mark those that apply to your case and bring them with you. If you live out of town send them by mail, so that the doctors can diagnose your case carefully.

### CATARRH OF HEAD AND THROAT.

This is the most prevalent form of catarrh, and results from neglected colds.

"Is the breath foul?"  
"Is the voice husky?"  
"Do you ache all over?"  
"Do you sneeze all over?"  
"Do you blow out scales?"  
"Is the nose stopped up?"  
"Do you sneeze at night?"  
"Does your nose discharge?"  
"Does the nose bleed easily?"  
"Is there tickling in throat?"  
"Do crusts form in the nose?"  
"Do you have to clear the throat?"  
"Do you sneeze a great deal?"  
"Is this worse towards night?"  
"Does the nose itch and burn?"  
"Is there pain in front of head?"  
"Is there pain across the eyes?"  
"Is there pain in back of head?"  
"Is your sense of smell leaving?"  
"Do you have to clear the throat?"  
"Is there a dropping in the throat?"  
"Is the throat dry in the mornings?"  
"Are you losing your sense of taste?"  
"Do you sleep with the mouth open?"  
"Does the nose stop up towards night?"  
This form of catarrh is the easiest to cure.

### CATARRH OF BRONCHIAL TUBES.

When catarrh of the head and throat is left unchecked it extends down the windpipe into the bronchial tubes and after awhile attacks the lungs.

"Do you have to sit up at night to get breath?"  
"Do you cough worse night and morning?"  
"Is there a burning pain in the throat?"  
"Do you feel you are growing weaker?"  
"Have you pain behind breastbone?"  
"Is there tickling behind the palate?"  
"Have you a disgust for fatty foods?"  
"Do you spit up little cheesy lumps?"  
"Is your cough short and hacking?"  
"Do you spit up yellow matter?"  
"Do you raise frothy material?"  
"Are you less spirited at times?"  
"Do you cough until you gag?"  
"Have you stitches in side?"  
"Are you losing flesh?"  
"Do you take cold easily?"  
"Have you pains in the chest?"  
"Do you cough at night?"  
"Are you losing flesh?"  
"Have you a cough?"  
If you have these symptoms you have catarrh of the bronchial tubes.

### CATARRH OF THE STOMACH.

Catarrh of the stomach is usually caused by swallowing poisonous mucus which drops down from the head and throat at night.

"Is there nausea?"  
"Are you constipated?"  
"Is there vomiting?"  
"Do you belch up gas?"  
"Are you light-headed?"  
"Is your tongue coated?"  
"Have you water brash?"  
"Do you hawk and spit?"  
"Is there pain after eating?"  
"Are you nervous and weak?"  
"Do you have sick headaches?"  
"Do you bloat up after eating?"  
"Is there disgust for breakfast?"  
"Have you distress after eating?"  
"Is your throat filled with slime?"  
"Do you at times have diarrhoea?"  
"Is there rash of blood to head?"  
"Is there constant bad taste in mouth?"  
"Is there a gnawing sensation in stomach?"  
"Do you feel as if you had lead in stomach?"  
"When you get up suddenly are you dizzy?"  
"When stomach is empty do you feel faint?"  
"Do you belch up material that burns throat?"  
"When stomach is full do you feel oppressed?"  
If you have these symptoms you have catarrh of the stomach, or what is commonly called dyspepsia.

## IT HAS HELPED OTHERS! IT WILL HELP YOU!

Men with enterprise and grit in their makeup, make money in such times as the present.

Seeing that the panic has passed, they without delay use every means to advertise their business.

They sell goods while the scared fellows keep quiet and wonder when the shower will be over.

The gritty men get the business—the timid ones the blues.

P. R. McDonnell says that he will carry the case of the City of Duluth against him in the district court, to the supreme court for final action.

**West Duluth Briefs.**  
The West Duluth band now meets every Wednesday evening in the Stew art block for rehearsal. Since the late reorganization the boys have been giving diligent attention to practice and are now said to be very proficient in both hand and orchestral music.

Van Lewis, a 15-year-old lad living on the corner of Cliff avenue and Seventh street, corner, broke his arm this morning while coming down a hill on a pair of skis.

J. J. Frey has purchased the Fallon residence on First avenue west and will probably move his family into the place next spring after completing extensive repairs.

J. M. Garland, of St. Louis, Mo., was here yesterday.

C. S. B. Temple, of Toledo, was a visitor among us yesterday.

Matt Rosmus, of Bloomer, Wis., is visiting relatives in the city.

Mr. and Mrs. Victor Myrland have returned from a two months' visit at their old home in Saginaw, Mich.

G. H. Reeves has been elected senior warden of the Episcopal church and the vacancy caused by the removal from the city of C. F. Lamb.

Mrs. N. C. Hendricks and infant daughter are both convalescing from a severe attack of the grippe.

H. C. Hendricks, of Valley, Minn., is a guest of his brother, N. C. Hendricks.

Chas. T. Faucett, a former resident of West Duluth, is again in the city.

The fire department took a short run to D. C. Prescott's residence about 7 o'clock. The alarm was caused by a burning chimney which caused no damage.

Miss Sallie Anderson entertained a small party of friends at cards and dancing last evening at her home on Main street.

The ladies of the Presbyterian church will meet at the church Thursday afternoon at 7 o'clock.

The infant child of P. R. Halsey died last night. The funeral will take place tomorrow.

The Whist club meets tonight with Mr. and Mrs. N. C. Kingsbury.

## THE COLONADE ON FIRE.

An Incendiary Blaze in the World's Fair Grounds Today.

CHICAGO, Feb. 14.—Fire broke out at 11 o'clock this morning in the colonnade between the agricultural building and machinery hall in the World's fair grounds. The flames gained rapid headway and a second and third call was sent out but before the additional engines reached the burning structure its destruction and the loss of the large buildings adjoining on either side was threatened.

The fire is now under control and there is no danger of its spreading to the agricultural building or machinery hall. The loss is estimated at \$1,000,000. The origin of the fire is supposed to be incendiary.

The fire started in the rear of the Egyptian obelisk and spread rapidly east and west through the colonnade, covering a distance of eighty feet. The firemen were greatly hampered not only in reaching the colonnade by the snow, but the drifts delayed them in fighting the blaze. The light woodwork offered little resistance to the flames, and the pillars and ornate roof decorations along the colonnade were soon in ruins. Three groups of animals in stately standing on the roof were burned and destroyed in the ruins.

**City Band**  
At Fifth avenue rink tonight. Plenty of girls and lots of fun.

Reserve your seat tomorrow 9 a. m., for Sam Jones' lecture.

Assignment of watches, jewelry, silverware, etc. Everything must be sold quick; price no object. 23 West Superior street. CHARLES SCHUMPER, Assignee.

Much interest is manifested in the revival meetings now in progress at the Bethel. Superintendent C. F. Robel will speak tonight and there will be special singing by Rev. Walter and Mrs. Campbell.

In police court this morning two drunks admitted their guilt and accordingly were presented with suspended sentences. Alfred Lundberg, charged with contempt of court, showed good cause and was discharged.

Deaths as follows have been reported to the board of health: Rosanna Knox, aged 29 years, 105 Fifteenth avenue west, typhoid fever, infant son of Michael and Julia Sheridan, Merchant's Park, infant; Annie Kline, aged 16 years, St. Luke's hospital, pneumonia.

City band Fifth avenue rink tonight. A marriage license has been issued to Andrew A. Warfield and Grace A. Jefferson.

In yesterday's Herald in the list of prizes secured by curlers, four pairs of club skates donated by the Costello Hardware company were by mistake credited to F. A. Day.

The chamber of commerce will meet Friday afternoon at 4 o'clock. There is quite a large amount of business to come before the body in connection with the reorganization.

Under the Old Law.  
Joseph Mattson has been adjudged insane by Judge Ayer and will be sent to the Pergus Falls asylum tomorrow. Peter A. Danielson is being examined this afternoon and will probably be sent to the asylum. Both men will be entered under the old law of 1889, inasmuch as the supreme court has declared the law of 1893 unconstitutional. There are no new developments arising from the threat of the asylum authorities to turn some of the patients loose.

## THE DISTRICT COURT

Suit Over a Small Sale of Cigars Concluded Today After Being on Trial Two Days.

Jury in L. Brownell's Suit Against the City of Duluth Went Out During This Morning.

Jury Instructed to Return for the Defendant in J. S. Dillinger et al. vs. Minnesota Blast Furnace Company.

In the case of the Fitzsimmons-Warfield company against Peter Schupley, in the district court the jury rendered a verdict this morning for the plaintiff in the sum of \$60. This sum had been allowed all along by the defendant, but the plaintiff claimed \$80.75 more for cigars alleged to have been ordered and accepted by the defendant.

Lewis Brownell against the City of Duluth was taken up this morning before Judge Moer. The plaintiff seeks to recover \$250 alleged to be the amount of damage done to a piece of property which he owns through the grading of the contiguous street by the city. The jury is out.

In Judge Lewis' court, the case of the Rochester Loan and Banking company vs. W. P. Strickland, et al., was continued.

In Charles W. Elston, et al., vs. James Billings, et al., a jury was waived and it was made a court case.

Jones & Laughlin, limited, vs. Clyde Iron company, was passed to the foot of the jury calendar.

The jury returned a verdict this morning on some questions of fact in the case of S. E. Smith vs. A. E. Humphreys, and as soon as the questions of law have been decided the verdict will be complete.

The case of J. S. Dillinger et al. vs. the Minnesota Blast Furnace company, came up before Judge Lewis. The blast furnace company is insolvent and the suit is one to recover about \$4000 on a claim disallowed by the assignees of the company. The court instructed a verdict for the defendant.

#### THE COURT FILINGS.

Legal Papers of Interest Filed With Clerk This Morning.

Frank L. Murray wants to recover \$200 from Alexander Rhodes, et al., for lumber, lath, etc., alleged to have been used in the construction of a house in St. Louis county for the defendant.

John and Free Love Owens have filed a receipt for \$60.75, adjudged to them in their suit against the Duluth, Missabe & Northern railroad on account of the condemnation and damage of land by the opening of the railroad.

Judge Moer has sustained the demurrer of the defendant in the case of Robert L. Wilkins et al. vs. Isiah Faries. The suit grows out of a real estate deal.

The case of the City of Duluth vs. the Duluth Street railway has been dismissed by stipulation.

In the matter of the assignment of John J. Murnik & Co., an affidavit of the mailing of notices of assignees' accounts up to Feb. 6 has been filed.

A stipulation to dismiss action has been presented in the case of the Minnesota Warehouse company vs. Alfred H. Hedderly, Ada B. Hedderly and John S. MacEwen.

The Valentine Stag Party.  
The Duluth club's Valentine stag party to-morrow evening will be a great success. Fully two hundred men will be present. The club privileges, such as the bowling alleys, billiard and pool tables, card rooms, etc., will be open and everybody will be at liberty to enjoy themselves as they please. A program will also be given.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure it, thus lost the patient's confidence. It is taken internally in doses from ten drops to one ounce. It acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio.

#### TALK OF THE TOWN.

One Man Who Wants to See Newspaper Men Recognized.

"I should like to see this new administration establish a precedent," said a gentleman this morning in the presence of a Herald reporter. "I should like to see it recognize the newspaper writers as the writers, the boys who chase the elusive items, who bear the brunt of the toil and who instruct and amuse those who peruse the columns of the daily papers. While in his daily work, a newspaper writer gives no sign as to his personal political faith, each one affiliates with one party or another. Were they recognized at least once in two years, it would be an inducement to be fair, honorable and considerate in their daily work. It would be a reward to men who are, each day, compelled to subdue and trample under foot their personal preferences and opinions in the interest of the paper which pays them what is too often a mere pittance. Then where will you find men better qualified than among newspaper writers to be the last admitted very cosmopolitan as the result of labor in many different cities. They are men of brains, experience and hard sense. They are ready in both thought and action. Take our congressmen, their best private secretaries are from the ranks of the scribes. Who could or would make a better private secretary for a mayor than a well-trained and well-acquainted newspaper man?"

"It is too common, especially in towns just out of their swaddling clothes, to look upon newspaper writers as sneaks, interlopers and characters generally and chiefly disreputable. The last admitted traitor, ignored newspaper reporters. Several city employees now do not know how to treat them. I should like to see Mayor-elect Lewis recognize some of the clean Republican newspaper writers for some responsible position and every future administration follow his example. In many cities, the best public servants come from the newspapers. In Duluth it would complement a deserving and competent class and at the same time give the taxpayers an official willing to earn his salary. If there are none of the boys who want anything, well and good, but get one who is a newspaper man. He has learned something and each of his co-laborers would surely take it as a personal compliment."

All know Tom O'Brien, the man who has no equal as engineer and custodian at the city hall. Well, the other morning, Tom got up before daylight and went down to the city buildings to look after his furnaces and other matters. While in the police building he picked up one of the old fashioned, discarded policeman's caps, with the word "Seize" in big gilt letters on the front. He wore it around at his work and when he started home just at dawn he forgot all about the cap and wore it in place of his usual headgear. On the way, he met a couple of men with dinner buckets, on their way to their daily labor. In the gray dawn of the early morning, they peered closely at him and particularly at the cap. It belonged to a style not in use on the force now, and was likely to attract attention. Just as Tom got past them he heard one say, "Mike, there's one of them d-d new A. T. A. policemen."

Tom takes special care to wear his own cap now.

#### THE FRIENDLY INN.

The Employment Committee Report Presented to the Associated Charities.

The report of Charles E. Holt, chairman of the employment committee of the Associated Charities, presented at the last meeting of the executive board, contains the following:

"While this committee is an employment committee, its work has largely been in the way of providing shelter for homeless men, at the same time furnishing such transient employment as was possible. The man seeking employment must in some way be protected from the rigor of a Minnesota winter climate, especially in the night time. Having a place to stay, the man can have some courage in seeking for himself work, and is saved from the utter despair and hopelessness, which so frequently drives men to crime."

"Your committee therefore while using every effort to devise ways and means of providing employment for the many, have given special attention towards organizing and maintaining a Friendly Inn, or Wayfarer's Home. The success attending it has been beyond our expectations. Every applicant for admission if able, is required to work one hour or pay to cents for his night's lodging. Of late all new applicants get their application blanks at the police station, thus enabling us largely to prevent the influx of unworthy from obtaining admission."

"The statistical portion of the report shows that during the thirty-three days of the existence of the inn it has furnished 115 men lodging for 1539 nights. Many of these have been furnished clothing and medical attendance has been given by Dr. Maxwell. Permanent employment has been procured for a large number. Sixty cords of wood have been cut. The total cash outlay has been less than \$50."

#### THE DOINGS OF CONGRESS.

The Discussion of Bland's Seigniorage Bill Still Proceeding.

WASHINGTON, Feb. 14.—Among the executive communications laid before the house today, was one recommending an appropriation for constructing a pier to the Marine hospital in Chicago and another suggesting that the States of Liberty celebrating the world at New York be used as a beacon. Messrs. Quigg and Straus, members-elect from New York city to succeed Messrs. Fellows and Fitch, were sworn in, although credentials had not arrived.

Mr. Hunter rose to a question of personal privilege, his vote upon the diamond schedule in the tariff bill having been misinterpreted. He had read by the clerk newspaper clippings and telegrams showing that he had voted to increase the duty on both cut and uncut diamonds.

Mr. Bland made efforts to limit the time for general debate on the seigniorage bill and to reduce the time allowed each speaker from one hour to twenty minutes, but without success. The bill was taken up and Mr. Stone, of Kentucky, spoke in favor of it.

The Senate.  
WASHINGTON, Feb. 14.—Mr. Frye presented a remonstrance from the National W. C. T. U. against a tax on whisky, the remonstrance being signed by members of the union in forty-four states, three territories and the District of Columbia. These women, Mr. Frye said, did not believe that the United States ought to enter into copartnership in either the manufacture or sale of intoxicating liquors.

The "unfinished business" was then taken up, being the house bill requiring railroad companies in the territories to maintain stations at towns established by the interior department.

The Mansfield Riots.  
PITTSBURGH, Feb. 14.—The attendance at criminal court today was comparatively small. The proceedings were wearisome and uninteresting, being a continuance, by the defense, to present testimony on the same as that of yesterday in support of the alibi in the case of the Mansfield Valley miners charged with riot. At the noon adjournment there was no indication when the examination of witnesses would be completed.

Passes as a Marlin.  
ST. LOUIS, Feb. 14.—The grand jury met this morning and took up the case of Louis A. Silva, the alleged embezzler of \$167,000 from the Kalamazoo-Bozinger Hat company. From rumors which emanate in the grand jury room it is almost certain that Silva will be indicted for embezzlement. If this should prove true it is expected that sensational developments may be expected at the trial. Silva poses as a martyr and states that he is innocent of any wrong doing.

Mrs. Bradwell Dead.  
CHICAGO, Feb. 14.—Mrs. Mgr. Bradwell, editor of Legal News and the first lady lawyer admitted to the bar of Illinois, died at noon today aged 63 years.

At Fifth avenue rink tonight. Plenty of girls and lots of fun.

## Imperial Flour.

READ what the leading Commercial paper of America recently had to say about Duluth flour:

"Flour was dull and unsettled on spring patents, as the Duluth mills are making the market for Minneapolis not only, but getting the trade, as they are able at that point to get better wheat than Minneapolis at less cost, while not making such a large percentage of patents as Minneapolis and hence a better and stronger flour, which is taking the place of the Minneapolis brands of older reputation, at less prices." (N. Y. Journal of Commerce and Commercial Bulletin.)

## WORK ON THE TARIFF

The Finance Committee of the Senate Has Its Hands Full Framing the Tariff Bill.

Many Interests Clamoring For Concessions, and Making Threats if Their Demands Are Not Granted.

Advocates of a Duty on Sugar Especially Persistent, While Coal Men Have Secured a Pledge.

WASHINGTON, Feb. 15.—The condition of affairs in the senate as compared with the house makes the work of the subcommittee now endeavoring to frame the tariff bill much more laborious than of the members of the ways and means committee. While there was opposition in the house to some things the committee proposed to do and subsequently did do, it was not an opposition capable of exercising the power that can be exerted to defeat an unsatisfactory bill in the senate.

Of all items in the bill, sugar is giving the committee the severest trial and all sorts of rumors have been flying during the past two or three hours as to the growth of the effort to reach a settlement of that vexed question. A strong lobby is found at the capitol every day, and it is impossible for members of the finance committee to pass from the senate chamber to the committee room without having to run the gauntlet of innumerable importunities.

So persistent have been the efforts of these individuals to confer with senators that the story gained credit last evening that the committee had decided to end the agitation on the sugar question by fixing the rate and issuing a statement in advance of the reporting of the bill. This proved to be untrue, as have many other reports, and it is known that up to this time the committee has come to no conclusion whatever on sugar.

The senate committee is opposed to a duty on sugar, but the matter is solved itself into a question of expediency. If the bill cannot be passed without such a duty, the duty will be put on it. The Louisiana senators and particularly Mr. Caffery are firm in the intention to oppose the bill to the bitter end, unless sugar is put on the tariff list at what they consider the right figure, and a strong delegation from Louisiana is now here to back up the senators in their fight. They will vote to commit the bill if they are ignored, and then if they are unsuccessful will vote against the bill.

The coal men have been mollified by what they consider practically a pledge to give them 50 cents a ton, but other interests, still unsettled, are clamoring for concessions and threatening all sorts of things if they are not granted.

### WANT WOMAN SUFFRAGE.

The National Association in Twenty-Sixth Annual Convention.

WASHINGTON, Feb. 15.—The twenty-sixth annual convention of the National American Woman Suffrage Association began here this morning with a large attendance of delegates representing all parts of the country. The session was devoted to the presentation of reports and the annual address of the president, Miss Susan B. Anthony, who stated, among other things, that she had signed by 1,000,000 names would be presented to the New York constitutional convention in May next for the elimination of the word "male" from the suffrage laws of the state, and congratulated the association upon the addition of the Colorado state to that of Wyoming in the flag of the organization.

Among the delegates participating are Miss Carrie Lane Chapman, of New York; Rev. Anna H. Shaw, of Pennsylvania; Miss Laura Clay, of Kentucky; Dr. Frances Dickinson, of Illinois; Mrs. Laura M. Johns, of Kansas; Mrs. L. M. Stansbury, of Colorado; Mrs. Florence Howe Hall, of New Jersey; Mrs. Mary Seymour Howells, of New York; Rev. Ida C. Hultin, of Illinois; Mrs. Clara Hewick Colby, of Nebraska; Mrs. Julia Ward Howe; Madame Hanna Koranyi, of Syria; Dr. Sarah Hackett Stevenson, of Illinois; Mrs. Harriet Taylor Upton, of the District of Columbia; and about 100 others.

Tomorrow afternoon will be devoted to a special session in memory of Mrs. Lucy Stone, Elizabeth Oakes Smith, Hon. Leland Stanford, Hon. Charles O'Neill and George W. Childs. The convention will continue in session until next Wednesday.

### COLLIDED WITH AN ICEBERG.

The Fate of a Missing Vessel Revealed by a Bottle.

LONDON, Feb. 15.—A small bottle has been picked up on the beach of Gighah, one of the Hebrides islands, containing a piece of paper on which, written with a pencil, is the following: "Sept. 1893—Sinking mid-Atlantic, Hornhead. Collision iceberg. (Signed) Mate."

The steamer Hornhead was a British vessel of 2368 tons owned by the Ulster Steamship company, limited, of Belfast. She was commanded by Capt. Scott. She sailed from Baltimore Aug. 19 and Hampton Roads Aug. 20 for Dublin, and until today nothing was afterwards heard of her. The Hornhead was built in Belfast by Harlan & Wolff in 1884. She was 321 feet and 8 inches long, 37 feet 3 inches beam and 35 feet depth of hold.

### He Deserves Lynching.

CHICAGO, Feb. 15.—A special from Trinidad, Col., says that the able-bodied men of that city are engaged in a hunt for Charles Moore, a laborer who is accused of repeated assaults upon Annie Dougherty, an 8-year-old orphan. The story of his alleged brutality came out Tuesday night. Should he be caught it is likely he will be lynched.

## IS A VERY BAD FAILURE.

The Showing of the Cass County Bank Is Very Poor.

DES MOINES, Iowa, Feb. 15.—The receiver's report will make the liabilities and assets of the Cass County bank public as follows: Liabilities from \$505,000 to \$515,000; assets, \$100,000. Preferred claims reduce the assets to \$80,000 or \$85,000 mostly in real estate.

President Yeizer, indebted to the bank for \$200,000, turned over real estate included in the assets valued at \$55,000. Isaac and J. E. Dickerson, whose notes and overdrafts aggregate \$85,000, turned over real estate worth \$10,000. The overdrafts of A. W. Dickerson, cashier, amount to \$27,000.

The grand jury, now in session, is expected to return indictments against J. C. Yeizer, president; Isaac Dickerson, vice president; A. W. Dickerson, cashier.

## WEST DULUTH ITEMS

Militia Boys Will Show More Interest in Their Drills So As To Capture a Prize.

Two Hundred and Fifty Dollars Will Go To the Company Having the Best Drill Practice Record.

J. A. Kirkwood and Others Are to Erect a Sawmill in the Rainy Lake District.

The boys of Company H will hereafter drill twice a week, on Monday and Wednesday evenings. This attention to military discipline arises not only from a desire to become proficient in the art but from hopes to secure a cash prize of \$250 offered at the state camp-meeting for the company which presents the highest record of drills throughout the year, together with the highest rate of punctuality. When Lieut. Row was at St. Paul he discovered that his company was one of three that, without any special effort, was leading in the race, and after talking the matter over the boys concluded that the prize was worth a struggle and a resolution was passed naming two drill nights a week from the present time until the next annual camp-meeting.

Will Build a Sawmill.

J. A. Kirkwood, of this place, and other Duluth and West Duluth parties have closed a deal to build and operate a sawmill in the Rainy Lake district. It is understood that a contract has been made with the township company to furnish the latter with 30,000 feet of lumber the coming summer which, together with a large outside demand is expected to keep the mill running during the season. It will have a capacity of 50,000 feet per day and will at once be transported to the scene of operations. The firm has already secured a large area of timber in the immediate vicinity.

The word "Bronze."

The etymology of the word "bronze" has proved a stimulating block to most lexicographers. It is left unsolved even in the "New English Dictionary." To the Italian "bronzina," probably from "bronzino," is as far as the monosyllabic has generally been traced. In the Hattel-Barnett's "Dictionnaire de la Langue Française," however, a step beyond "bronzino" is taken—to the burial place of Virgil, Brundisium, the Latin Brundisium, and Professor Skeat, who has been furnished by a friend with substantial evidence upon the point, now has no hesitation in declaring that it is to the name of the Italian town that we must look for the correct derivation of bronze.—Languages.

Obstacles to the Way of Civilization.

Elephant—Yes, I'd like to keep up with the times, but I can't afford it. It would bankrupt me to have to buy even a spring overcoat.

Giraffe—But think what it would cost me to wear stinking collars.—Chicago Tribune.

## WHEAT DROPPED AGAIN.

The Market Was Very Weak and Declining Today.

The wheat market was weak and declining today and the bottom appeared to have dropped out of it entirely. It was reported that foreigners were selling wheat in New York, while New York was selling at Chicago, and the latter was dumping wheat on the market, all of which tended to depress prices. There was good trading in the two better grades of cash wheat and very large sales were made in May at declining prices. The one was very weak at the lower than yesterday for cash wheat in store, to lower for wheat to arrive and 1½¢ lower for futures. Following were the closing prices: No. 1 hard, cash, 55½¢; February, 55½¢; May, 55½¢; July, 55½¢; No. 1 northern, cash, 55½¢; February, 55½¢; May, 55½¢; July, 55½¢; No. 2 hard, cash, 54½¢; February, 54½¢; May, 54½¢; July, 54½¢; No. 2 northern, cash, 54½¢; February, 54½¢; May, 54½¢; July, 54½¢; No. 3 hard, cash, 53½¢; February, 53½¢; May, 53½¢; July, 53½¢; No. 3 northern, cash, 53½¢; February, 53½¢; May, 53½¢; July, 53½¢.

## The Minneapolis Market.

## THE DISTRICT COURT

Market Clears Itself Quickly Every Day and  
At This Rate Court Will Not Con-  
tinue Long.

Suit of H. V. Winchell Against the Great  
Northern Mining Company Dismissed  
—L. Brownell Secured a Verdict.

Anna Peterson Reduces the Valuation  
Placed on His Leg and Settles With  
the Iron Range.

The judges and jury are having a  
fine time these days. The docket dis-  
plays a wonderful propensity to clear  
itself early and so the noon recess comes  
very early. Judge Moor remarked  
yesterday morning that they were not  
earning their money.

The case of Mary C. Storch vs. W. P.  
Streckland, et al., was finished this morn-  
ing by the withdrawal of the defense.  
The case was concerning a promissory  
note for \$8,000 and the court instructed  
the jury to render a verdict for the  
plaintiff.

The suit of Horace V. Winchell against  
the Great Northern Mining company  
was next taken up. Winchell wanted  
to recover \$200 which he alleged he had  
paid on a real estate deal with the under-  
standing that he was to receive in return  
a written contract. The case was heard  
and the defendant moved that it be  
dismissed on the ground of no cause for  
action made out. Judge Moor granted  
the motion.

Yesterday afternoon in Judge Lewis'  
court the court directed a verdict of  
\$28.44 for the plaintiff in the case of M.  
and vs. George F. Hoover. The jury in  
the case of L. Brownell vs. the City of  
Duluth gave the plaintiff a verdict for  
\$10.62.

Today the principal case was one in  
which Nels B. Johnson sues J. D. Zein  
for wages which he alleges are due him  
under contract. Zein denies any contract.  
Minor business disposed of was the  
suing of Charles Lippincott & Co. vs.  
Thomas E. Ludwig, jury waived and  
made a court case; Laura Herman vs.  
Eugene Davidson, dismissed by plaintiff;  
Dangers vs. P. A. Patrick, receiver,  
settled and dismissed by stipulation.

## SETTLED WITH HIM.

John Peterson Gets a Thousand Dollars From  
the Iron Range Road.

John Peterson has received \$1000 from  
the Duluth & Iron Range railroad for  
the loss of a leg, quite a drop from the  
original value which he placed on the  
limb. Last June Peterson boarded a  
train to go to McKinley. The company's  
employees threw him off and he fell under  
the wheels in such a way as to render  
the amputation of a limb necessary and  
cause him a loss of time from his  
work. So he sued the company for \$15-  
000 and the trial was to have come off at  
this term of court. Peterson claimed  
that he had spent \$735 on account of  
the accident. If that is the case he de-  
serves to receive much compensation for  
the loss of his limb.

A judgment transcript for \$18,507  
from the municipal court has been filed.  
The judgment is in favor of Charles  
Lundrick in his case against the Sheri-  
dan Iron company. Lundrick claims that  
in the case of Helwig L. Eppling  
against F. A. Patrick, receiver of C. S.  
Eppling, insolvent, a stipulation has  
been made dismissing the appeal and  
allowing a claim for \$1000.

## Recognized His Services.

Last evening the members of the  
Catholic club presented the president,  
James S. Foran with a gold headed cane  
in recognition of his services for the  
club. Mr. Foran left today for the  
Pacific coast where he will take charge  
of a store for three months during the  
absence of the proprietor, a friend of  
Mr. Foran's.

## Hearing the Grave.

In old age infirmities and weakness  
listen to close the gap between us and  
the grave. Happily scientific research  
and pharmaceutical skill have called them-  
selves in furnishing a reliable means  
of ameliorating the ailments incident to  
advancing years, and of renewing waning  
physical energy. Its name is Hostet-  
ter's Stomach Bitters, a widely compre-  
hensive remedy in disease, and an in-  
estimable blessing to the elderly, the  
suffering and the convalescent. Rheumatic  
ailments, trouble with the kidneys and  
dumbago are among the more common  
ailments of the aged. These are effec-  
tually counteracted by the bitters, which  
likewise a prevention and curative of  
malarial complaints, dyspepsia, consti-  
pation and biliousness. It is highly pro-  
motive of appetite, sleep and the ac-  
quisition of vigor.

Court Commissioner Carey today on the  
charge of selling liquor last July without  
a license at No. 10 Spalding hotel build-  
ing. Both were bound over to appear at  
the next term of the United States court.There is more catarrh in this section of the  
country than all other diseases put together,  
and until the last few years was supposed to be  
incurable. For a great many years doctors  
pronounced it a local disease, and prescribed  
local remedies, and by constantly failing to  
cure with local treatment, pronounced it  
constitutional disease and therefore requires  
constitutional treatment. Hall's Catarrh Cure,  
manufactured by E. J. Cheney & Co., Toledo,  
Ohio, is the only constitutional cure on the  
market. It is taken internally in doses from  
two drops to a teaspoonful. It acts directly on  
the blood and mucous surfaces of the system.  
They offer \$100 for any case it fails to cure.  
Send for circular and testimonials. Address,

## Imperial Flour.

READ what the leading Com-  
mercial paper of America re-  
cently had to say about Duluth  
flour:"Flour was dull and unsettled on spring patents,  
as the Duluth mills are making the market for Min-  
neapolis not only, but getting the trade, as they are  
able at that point to get better wheat than Minne-  
apolis at less cost, while not making such a large per-  
centage of patents as Minneapolis and hence a bet-  
ter and stronger flour, which is taking the place of  
the Minneapolis brands of older reputation at less  
prices." (N. Y. Journal of Commerce and Commer-  
cial Bulletin.)

## NOTICE OF MORTGAGE SALE.

Whereas default has been made in the con-  
ditions of a certain mortgage which was duly  
executed and delivered by Moses Stewart, Jr.,  
and Minnie Stewart, his wife, mortgagees, to  
William E. Lucas, mortgagee, being date the  
first (1st) day of February, A. D. 1892, and with a  
power of sale in case of such default therein  
contained, duly recorded in the office of the  
register of deeds in and for the county of St.  
Louis and state of Minnesota, on the twelfth (12th)  
day of February, A. D. 1892, at two (2) o'clock  
p. m., in book 311 of mortgages, on pages  
227, 228, 229 and 230; which said mortgage, and  
the note thereby secured, was thereupon duly  
assigned, for a valuable consideration, by the  
said William E. Lucas to Anna L. Howard, by  
an instrument of assignment dated February  
28, 1892, and duly recorded in the office of the  
register of deeds for said St. Louis County, on  
February 14, 1894, at two (2) o'clock p. m., in  
book 107 of mortgages, on page 31, said default  
consisting in the nonpayment of the principal  
sum thereby secured, together with the semi-  
annual installment of interest thereon, all due  
on January 1, 1894; and whereas there is there-  
fore claimed to be due and there is actually  
due upon said mortgage debt, at the date of this  
notice, the sum of four thousand two hundred  
and 25-100 (\$4225) dollars, principal,  
interest, and several five dollar addi-  
tional fees stipulated for in said mortgage in case  
of foreclosure thereof; and whereas no action  
or proceeding at law or otherwise has been in-  
stituted to recover the debt secured by said  
mortgage, or any part thereof;Now, therefore notice is hereby given, that  
by virtue of the said power of sale contained in  
said mortgage which has become operative by  
reason of the default above mentioned, and  
pursuant to the statute in such case made and  
provided, the said mortgage will be foreclosed  
by a sale of the premises described in and  
covered by said mortgage (viz: All lots and

## THE WAGES QUESTION

Judge Caldwell's Order Does Not Affect the Standing of the Union Pacific Wage Schedule.

The Order of Judge Dundy Still Stands and Will Stand Until It is Reversed.

The Employees, According to Judge Dundy, Have a Right to Quit Work and Go Home.

CHICAGO, Feb. 16.—A special to the Herald from Lincoln, Neb., says: Judge Dundy was interviewed last evening in reference to Judge Caldwell's decision concerning the Union Pacific railroad's wage schedule. "The impression that Judge Caldwell has overruled the orders of this court, is wrong," said Judge Dundy. "as you see by a perusal of the despatches. The wages question has not been brought before Judge Caldwell, and his somewhat peremptory order to General Solicitor Thurston does not in the least affect the status quo of the wages question. My order still stands and will stand until it is reversed."

"The whole situation can be expressed in a few brief sentences. The receivers made an order reducing wages on certain schedules. They brought the order to me and I approved it. There was nothing in my approval of the order to prevent the receivers from restoring the old wages if they saw fit to do so. They can do so now if they choose."

"Judge Caldwell's action is unusual in this, that in a private conversation with the general solicitor of the Union Pacific he orders the receivers to restore the old rates. He does not make the order in the shape of a decision announced from the bench. As it is, all that Judge Caldwell has done is to order the receivers to temporarily restore the old wages pending a settlement. His order places no new aspect upon the situation so far as the court is concerned. Of course, I cannot tell what the receivers will do in the matter."

"Suppose the receivers do not consider Judge Caldwell's decision yesterday mandatory and leave the wages where they are under the schedules approved by yourself, will the employees have the right to strike?"

"Why, certainly," replied Judge Dundy, with a significant twinkle in his eye. "Of course, they have the right to strike in the sense that they have the right to quit work and go home. But if they attempt to do so, they will find the orders of the court very much in force, yesterday's order of Judge Caldwell to the contrary notwithstanding."

**The Employees' Contention.**  
CHICAGO, Feb. 16.—A special to the Herald from Denver says: Attorney George L. Hodges, counsel for the Union Pacific employees, yesterday received the following dispatch from Judge Caldwell: "No action will be taken that will affect the employees on the Union Pacific system without notice."

**BILL FAVORABLY REPORTED.**  
The Commercial Bridge Company Scores a Point in the Senate.

WASHINGTON, Feb. 16.—The senate committee on commerce yesterday made a favorable report on the bill of the Commercial Bridge company for a bridge between Duluth and Superior. It was reported with a few amendments.

## SURROUNDED BY MYSTERY

## A Great Mistake.

A recent discovery is that headache, dizziness, dullness, confusion of the mind, etc., are due to derangement of the nervous centers which supply the brain with force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying those organs; with nerve build-up force. This is the first time many diseases of the heart and lungs, the nerve system with a telephone system, as will be seen by the accompanying cut, the little white lines are the nerves which convey the nerve force from the nerve centers to every part of the body, just as the electric current is conveyed along the telegraph wires to every station, large or small. Ordinary physicians fail to regard this fact; instead of treating the nerve centers for the cause of the disorders arising therefrom, they treat the part affected.

Franklin Miles, M. D., LL. B., the highly celebrated specialist and student of nervous diseases, and author of many noted treatises, has long since realized the truth of the first statement, and has restored many to health by preparing on this principle. His success in curing all diseases arising from the derangement of the nervous system is wonderful, as the thousands of unsolicited testimonials in possession of the company manufacturing the remedy amply prove.

## HE KILLED HIS BROTHER.

Hanson Hoover's Hands Red With His Brother's Blood.

CUMBERLAND, Md., Feb. 16.—In the Randolph county, W. Va., jail at Beverly, lies young Hanson Hoover, until last Thursday a respected citizen of Huttonsville, that county. His hands are now red with the blood of his brother Lansisco, and nothing but the rigor of winter has prevented a public outcry at this awful parallel to the crime that cost mankind so much misery.

It seems that the prisoner, Hanson Hoover, lives on a farm by himself. On this farm Thursday night last his awful deed was done. The murdered man, a universally popular younger brother named Lansisco, and another brother, Martin, also lived within a short distance of Hanson. On the day in question Martin and Lansisco went to Hanson to pay him a visit and found him at work clearing some land.

After talking a short time in the field, all three went to the house and stood talking instead of sitting down. After being in the house a short time Hanson turned to where his gun hung against the wall, took it down and deliberately fired at his brother, the ball striking him in the stomach about two inches to the right of the navel, passed through his liver, struck the seventh rib and lodged beneath the skin of his back. After shooting he laid his brother on the bed where he died in a few minutes.

Martin, who had witnessed the killing, gave the alarm and Hanson was arrested and is now in jail at Beverly.

## MAY BROOKLYN'S SUICIDE.

A Well-Known Actress Took Her Life in San Francisco.

SAN FRANCISCO, Feb. 16.—May Brooklyn, the leading lady of the Palmer company, now playing at the Baldwin theater here, committed suicide yesterday morning with carbolic acid.

MISS MAY BROOKLYN.

The only reason for her act given by her friends is that some months ago the manager of some theater in New York had committed suicide and since then she has often discussed her destruction. She had even talked of it there when depressed.

Professionally she was a great success. She was one of the most beautiful and womanly young women on the stage and was looked upon as one of the few coming great actresses.

## TEN CENTS ON THE DOLLAR.

Depositors in the Cass County Bank May Not Get That Much.

ATLANTIC, Iowa, Feb. 16.—The excitement growing out of the Cass County bank failure does not abate, but has grown more intense since it was given out on good authority that the liabilities are \$150,000 with less than \$100,000 assets and about \$25,000 preferred claims. The overdrafts of the officers and stockholders have grown until they now aggregate \$312,000.

The most sanguine depositors do not expect to get over 10 cents on \$1, and many think it will be a complete loss to the average depositor. The grand jury is in session but has not returned any indictments. State Auditor McCarthy was in the city yesterday being summoned before the grand jury to testify in regard to the sworn statement of C. F. Chase of the publication of the surrender of the bank's charter that was never published.

## Prosecuting Anarchists.

BERLIN, Feb. 16.—The criminal court here has issued a warrant against Werner, the leader of the extremist wing of the Socialists, for making incendiary speeches. Werner has escaped from the jurisdiction of the court, having fled to Holland. Wies and Pawlowicz, two anarchists who are charged with inciting to outrages, were found guilty by the criminal court. Wies was sentenced to one year and Pawlowicz to three months' imprisonment.

## The Boiler Exploded.

MILLENBURG, Ohio, Feb. 16.—News reached here yesterday of a boiler explosion near Benton on the farm of James Snyder. While sawing fence pickets the boiler exploded and with the engine was thrown a distance of 150 feet. Fred Lehman, the fireman, was fatally injured, and Snyder's son was badly injured.

## Goddard Defeated.

SAN FRANCISCO, Feb. 16.—Melbourne, Australia, advises that Harry Laing defeated Joe Goddard in a vicious fight which took place before the Melbourne Athletic club on Jan. 1. The contest lasted twelve rounds. It is claimed that Goddard was not in first class shape for fighting.

## Probable Suicide.

MEMPHIS, Tenn., Feb. 16.—Frank Chambers, assistant chief clerk of the Tennessee senate is supposed to have committed suicide here today. Chambers wrote a note to a friend stating that he intended drowning himself in the Mississippi river and then disappeared.

## Released on Bail.

PORTLAND, Ore., Feb. 16.—William Dunbar, the convicted smuggler, was released late yesterday afternoon upon a writ of superseas issued by the supreme court on a writ of error having been previously filed. Dunbar's bond is placed at \$60,000.

## Fatal Explosion.

DES MOINES, Feb. 16.—A boiler in Lockwood's elevator at Kelly, Iowa, exploded at noon yesterday killing John Tanne and fatally injuring William Sells.

## IS RELEASED ON BAIL

An American Citizen Was Locked up in a Prison in Mexico and Bail Was Refused.

The Mexican Authorities Refused to Release Him and Finally the State Department Took Action.

Story of His Arrest and Detention by the Mexicans is One of Great Cruelty.

WASHINGTON, Feb. 16.—The secretary of state has received a telegram from Minister Gray, in Mexico city, stating that A. M. Pullman, of San Diego, Cal., who was in prison at Ensenada, would be released on bail. It had been reported to the state department that Pullman was being detained in prison without trial and that offers of bail were refused, and Secretary Gresham had notified Minister Gray to see that the prisoner was not divested of his legal rights.

Pullman is well known in Washington. He is the son of the late Judge Pullman, of Winchester, Va. The story of his arrest and detention by the local Mexican authorities is one of great cruelty. Pullman was the manager of the Valle de Las Palmas ranch between Lower California and the United States. He harbored there for a time a young American named Whitman, who confessed to him to having robbed the Wells-Fargo Express company of about \$400.

Pullman persuaded him to return to the United States and give himself up. For this he was arrested by the Mexican police in Ensenada and without a word of explanation was thrown into a filthy dungeon under the military barracks. Here he remained until his continued absence from the ranch had attracted attention and inquiries set on foot by some of his friends in San Diego revealed his condition.

Patterson Sprigg, of San Diego, his attorney, went to Ensenada, and after long negotiations with the local authorities, in which they treated with indifference the representative of the United States, he succeeded in having Pullman placed in a somewhat better place of confinement where he could have medical attention. The prisoner now learned for the first time that he was charged with kidnapping Whitman, from Mexican sources.

Pullman's attorney at once procured an affidavit from Whitman that his return to the United States had been entirely voluntary, but it had no effect in securing the release of the prisoner. Bail was repeatedly refused. The state department was then to intervene with the result above stated.

## GEN. JUBAL EARLY DYING.

He Fell on Ice Steps and Was Fatally Injured.

NEW YORK, Feb. 16.—The Herald's dispatch from Lynchburg, Va., says: Gen. Jubal W. Early, the ranking officer of the late Confederacy, met with an accident last evening which, in all probability, attending physicians say, will prove fatal.

He was ascending the stairs of the postoffice when he fell heavily, the ice on the steps rendering them slippery. He struck on his head and the concussion was so severe as to render him unconscious. Owing to his advanced age, the general having passed his 80th year, it is hardly possible he will ever get up from his bed again.

## YELLOW FEVER AT RIO.

The Deadly Disease Continues to Spread in Rio Janeiro.

LONDON, Feb. 16.—A dispatch today from Rio Janeiro states that yellow fever continues to spread in that city. On an average forty cases of that disease are reported daily and twenty cases of other fevers.

The dispatch further states that there was only one case of yellow fever on the United States cruiser Newark. The vessel, which was ordered to the harbor, except the Newark, which as before reported, has gone to Montevideo, remain off Rio Janeiro.

## The Paris Disabled.

LONDON, Feb. 16.—The American line steamer Paris, Capt. Randie, which sailed at 2 p. m. Feb. 10 from Southampton for New York, was sighted early this morning lying at anchor off Roches point, at the entrance to Queenstown harbor. It was learned that the Paris had not been able to use her rudder at all and that she had used her twin screws as steering apparatus on the return.

## A. P. A. Convention.

MILWAUKEE, Feb. 16.—A state convention of the A. P. A. is being held at Liberty hall. About 150 delegates are present. The doors are closely guarded and it is impossible to learn anything of the proceedings. The convention will last several days. Henry Bowers, the father of the A. P. A., is one of the leading figures in the convention.

## Porter Versus Sabin.

CHICAGO, Feb. 16.—The motion to reinstate the verdict of the jury in the case of H. H. Porter against ex-Senator Sabin, which was set aside when two of the jurymen changed their minds, was argued before Judge Grosscup yesterday. Judge Grosscup took the matter under advisement.

## Decision Against Herz.

PARIS, Feb. 16.—The first chamber of the civil court yesterday handed down its decision in the case of the late Baron de Releach and others against Dr. Cornelius Herz of Panama concerning scandalous fraud. The court ordered Dr. Herz to pay 600,000 francs to the creditors of Panama Canal company.

## Won a Curling Trophy.

WINNIPEG, Feb. 16.—Last night the Duluth and St. Paul rinks played with two local rinks for the Royal Caledonian tankard, donated by Sir Donald Smith. The Americans captured the trophy, winning by three points.

## STARVATION IN IRELAND.

People on an Island Unable to Get Supplies Owing to Storms.

BELFAST, Feb. 16.—A considerable distance to the northeast of Drummakill, county Donegal, lies the island of Innestrahill, which has counting the keeper of the light house and his family about sixty inhabitants. These people depend on the mainland for their food supply.

For the past three weeks the sea has been running so high that it was impossible for a boat to effect a landing on the island. It was known that the food on the island must be running low and yesterday the crew of the Cudaff life boat was requested to take a supply of provisions to the island.

They agreed to do so and sailing to the island without trouble, they managed by exercising great skill and patience to get the stores that they had brought ashore. They found that among all the islanders there was only a handful of potatoes. One of the inhabitants had died of starvation.

The life boat left provisions sufficient to last with economy for several days, when it is expected the sea will have gone down sufficiently to allow of the usual boats landing on the islands.

## ALL THE RECORDS BURNED.

Work of the General Land Office Seriously Impaired.

WASHINGTON, Feb. 16.—The work of the general land office has been seriously impeded by the burning of the land office at Graveling, Mich., about a week ago, with all its contents. It is necessary to reproduce the records of the office for the transaction of the current public business, but there is no appropriation available to meet such emergencies.

In response to a request from the commissioner of the land office, the secretary of the interior has detailed a large number of clerks from the pension office to reproduce the records. It will take about four months to complete the work.

## THE ANTI-OPTION BILL.

Hatch Will Endeavor to Rouse It From Dreamless Sleep.

WASHINGTON, Feb. 16.—Representative Hatch expects to get his anti-option bill out of the hands of the subcommittee, to which it was referred, and to have it referred to his own committee on agriculture. He will make a motion to that effect as soon as he can rally a quorum of friends to the option bill.

Once in the hands of the committee on agriculture, it will be reported to the house favorably in short order. Dreamless sleep is said to await it, if it remains where it is now.

## A Murderer Hanged.

JEFFERSONVILLE, Ind., Feb. 16.—James E. Stone, murderer of the Writen family, was hanged at 12:04 this morning. His neck was broken by the fall and the doctors pronounced him dead after his body was hanging seventeen minutes. The crime for which Stone was executed was the murder of the Writen family in their home on the night of Sept. 18, 1893.

## Against the Princess.

PARIS, Feb. 16.—Judgment was handed down yesterday in the case of Princess Colonna, who instituted proceedings here to obtain a judicial separation from her husband. The court dismisses the action on the ground that the prince is actionable only in Italy. The order appointing the princess guardian of the children is withdrawn and the prince is made guardian.

## An Anarchist Killed.

LONDON, Feb. 16.—A violent explosion was heard just after midnight by the keepers of Greenwich park, about six miles from London bridge. A hasty search led to the discovery of a man, mutilated and groaning with pain on the hill top near the observatory. He died in a few minutes. English and French papers found in the man's pocket showed that he was Manuel Poudin, a foreign anarchist.

## Faro Game Robbed.

SAN FRANCISCO, Feb. 16.—The faro game of Carroll & Webster in this city was held up by two men at 3 o'clock this morning. The robbers secured nearly \$3000. One of the robbers was taken into custody and identified as a son of ex-Harbor Commissioner Paulsell. The other man escaped.

## No Agreement Reached.

BERLIN, Feb. 16.—The report that Emperor William and the Duke of Cumberland had agreed upon the terms of a settlement of the question of the Brunswick succession is today semi-officially denied.

## Gen. Fernandez Dead.

NEW YORK, Feb. 16.—The Herald's Rio correspondent telegraphs: Gen. Isidro Fernandez has died from his wounds in Algetre.

Rheumatism racks the system like a throbber. It retreats before the power of Hood's Sarsaparilla, which purifies the blood.

The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN.,  
Feb. 16.—A trough of low pressure extends  
from Wyoming to Manitoba, with a steep  
barometric gradient causing brisk to high east-  
erly winds on the eastern side. The barometer  
is highest in Tennessee.

The temperature has risen in all districts be-  
tween the Mississippi and the Rocky  
mountains. It is 30 to 35 degrees higher than  
yesterday in the northern and central  
valleys. Over eastern Lake Superior and  
northern Lake Michigan it is 10 to 20  
degrees.

Cloudy weather prevails in the lake regions  
and Montana with light scattered snow. It is  
also cloudy in Minnesota and the Dakotas.  
Elsewhere the weather is generally fair.

Duluth temperature at 7 a. m. today:  
2 degrees above zero; maximum 15 degrees;  
minimum, 2 degrees below zero.

Duluth, Feb. 16.—Local forecast until 5 p. m.  
tomorrow: For the immediate vicinity of Du-  
luth and western Lake Superior: Warmer and  
cloudy, with occasional snow and brisk easterly  
winds this evening and tonight, followed  
Saturday by colder northwesterly winds.

An Important Matter.

What is St. Louis county going to do  
in regard to the patients sent from this  
county to the insane asylums under the  
law which has declared unconstitutional.  
This law having been declared un-  
constitutional, it follows that the patients com-  
mitted under it are detained unlawfully  
and the asylum authorities are liable to  
damages for restraining them of their  
liberty. Of course it is improbable that  
any such actions would be instituted by  
the unfortunate who have been sent to  
these institutions, although it was possi-  
ble that under the law which has been  
knocked out, some perfectly sane people  
may have been committed.

But all this is secondary to the im-  
portant question of taking steps at once  
in regard to the proper commitment of  
those who have been sent to the asylums  
under this invalid law. A large number  
were committed from St. Louis county.  
Notice has been sent out by the asylum  
superintendents to the county authori-  
ties to remove these unfortunate or  
their release will be necessary. They  
should not be forced to the latter in-  
human alternative. St. Louis county  
must take proper care of its insane. It  
is its special duty to take care of them  
in this emergency, no matter what the  
expense.

A simple solution of the difficulty has  
been made by the authorities of Becker  
county. Information has been filed in  
the county where the insane patients are  
now confined, while the expense of the  
proceedings will be borne by the county  
from which they were sent. The St. Paul  
Pioneer Press thinks this is the only  
proper arrangement, and adds: "The  
counties in which the insane asylums are  
situated are not interested in retaining  
these patients from other portions of the  
state. It is for the safety and well-being  
of the communities from which these in-  
sane persons have been removed that  
they were taken away. It is necessarily  
their duty to provide for the emergency  
created unexpectedly by the decision of  
the supreme court. It is obviously the  
happiest way out of the expensive pro-  
cedure of returning the patients to their  
homes and then having them sent back  
again can be avoided, while at the same  
time the home county stands behind the  
necessary proceedings to recommit them  
and bears the cost. The other counties  
should not hesitate to take similar steps  
for reducing to a minimum the hardships  
of the legislative error committed in the  
passage of the statute that has been  
thrown out by the courts."

By adopting this method of procedure,  
the St. Louis county commissioners can  
take care of the patients from this county  
at comparatively small expense. There  
should be no further delay in dealing  
with the question, and The Herald would  
suggest that a special meeting of the  
board be called to confer authority upon  
some official to attend to this important  
matter.

Encouraging Prospects.

The weekly review of the iron trade,  
which was published in The Herald's  
columns yesterday, contained some fea-  
tures of an encouraging nature. Although  
ore has been sold at the lowest point  
known, the advances in soft steel have  
been maintained and many people in the  
trade are looking forward with confi-  
dence to a steady enlargement of the  
demand for steel to support the pig iron  
market, which will in turn have a ten-  
dency to stiffen ore prices. Rogers,  
Brown & Co., the large iron-handling  
firm of Cincinnati, have issued a cir-  
cular which is likewise encouraging, as it  
contains the assurance that this ought to  
be a good year for the use of iron, and  
consequently for the miners, whose pro-  
duction depends upon the demand grow-  
ing out of railroad construction and the  
use of the metal in the mechanical arts.

It is pointed out in this circular that  
one feature of the iron trade in the United  
States has been that the progress of con-  
sumption has been by fits and starts,

THE DULUTH EVENING HERALD, FRIDAY, FEBRUARY 16, 1894

Following the panic of 1873, when the  
production of pig iron was 2,560,093 tons,  
the melt for the succeeding years was as  
follows: For 1874, 2,401,262 tons; for  
1875, 2,023,733 tons; for 1876, 1,868,061  
tons; for 1877, 2,066,594 tons; for 1878,  
2,301,215 tons; for 1879, 2,741,853 tons; for  
1880, 3,835,151 tons; for 1881, 4,144,251  
tons; for 1882, 4,623,323 tons; for 1883,  
4,595,510 tons. Thus it will be seen that  
the low point after the panic of 1873 was  
reached in the third year following and  
after that year, many of which will be  
production and use of the metal enlarged  
steadily and continuously until the panic  
of 1884.

Then came a closer handling of money  
by the large investors and a consequent  
decrease in manufacturing and railroad  
construction, the result being a falling  
off in the production of iron that year of  
nearly half a million tons, to a total  
product of 4,007,868 tons, while a still  
further decrease was registered in 1885  
succeeding year, 1885, to 4,044,526 tons.  
Yet even then the production was on the  
increase, for the next succeeding year,  
1886, saw the production advance to  
5,068,332 tons, a greater quantity  
than had been consumed in any previ-  
ous year in the country. It had taken  
the market just two years to recover  
and for consumption to excel all its past  
records. This gain continued until  
1890, in which year the total consump-  
tion was 9,202,703 tons, when the Baring  
failure and the whole train of attending  
liquidations occurred and the depression  
in railroads became marked. The con-  
sumption for the succeeding year was a  
million tons short, for 1892 nearly  
reached the quantity of 1890, and last  
year reached the low point, estimated to  
have been in the neighborhood of  
5,000,000 tons.

From these figures the lesson is de-  
duced that the history of the United  
States shows that there have not been  
more than three years of continued de-  
pression in the iron trade in this country  
after any financial panic. The great  
falling off in the quantity of metal con-  
sumed cannot be laid up to the actual or  
threatened operations of any tariff, for at  
the time the panic struck in 1893 the  
prices were lower than they had ever  
been in this country, and in Alabama,  
were said to be lower than in the pro-  
ducing center of England and Scotland,  
in November last they were lower than  
they had ever been in any country, and  
they have been so since. Rogers, Brown  
& Co., therefore predict that if we re-  
cover as fast as the country did after  
1873, there will be a market for 8,000,000  
tons this year, while if the re-establish-  
ment of business proceeds as rapidly as  
it did after 1884 there will be a demand  
equal to nearly the entire furnace ca-  
pacity of the country, which is a trifle  
over 11,000,000 tons.

And why should there not be a rapid  
improvement in the situation? Naturally  
it will be delayed until the tariff ques-  
tion is settled in congress. The uncer-  
tainty will cause delay, but the senate  
can be depended upon to reach a deci-  
sion before many weeks have passed.  
Then why should not the situation im-  
prove? As the Detroit News pointed  
out a few days ago, the great trust  
companies of the East, which handle the  
large railroad loans, are fairly gorged  
with idle money. They had over \$50,-  
000,000 last Saturday to their credit in  
the various banks of New York and this  
money will be getting uneasy pretty soon  
if it has to lie idle much longer. Indeed  
now there are offers coming from the  
West of money at a lower rate of interest  
for short loans, which are normally  
made at a higher rate than investments  
for a long period, than it is possible to  
net from the securities that are being is-  
sued for railroad reconstruction and ex-  
tensions. The iron producers may see  
the dawn of a better day very soon, and  
as iron is credited with being the barom-  
eter of trade in general, its revival will  
be attended by improved conditions in  
all directions and the return of pros-  
perity throughout the nation.

The bill to regulate the mode of re-  
moval of letter carriers, introduced in  
the house with the approval of the Na-  
tional Letter Carriers' association, pro-  
vides that no letter carrier shall be re-  
moved until the charges against him  
have been examined, and that the result  
of this examination shall be reviewed by  
such a board as may be prescribed by  
the postmaster general. This is an  
eminently proper measure. It would  
prevent the removal of carriers on secret  
charges, to which they are given no op-  
portunity to file answers.

Wheeler H. Peckham, in certain pub-  
lished interviews, has said that he failed  
to vote in the special congressional elec-  
tion held in the Fourteenth New York  
district on Jan. 30, because nobody not-  
ified him of the election. William Leary,  
manager of Mr. Quigg's campaign, re-  
sponds that a copy of Mr. Quigg's cam-  
paign letter to voters was sent to Mr.  
Peckham's residence, 684 Madison ave-  
nue. The idea that Mr. Peckham did not  
know an election was to be held is  
humorous in the extreme.

BEDS' APPOINTMENT.

Mankato Review: It looks as if ap-  
pointments in Minnesota were going  
Maj. Baldwin's way. The president  
knows what it is to be abused. Misregard-  
ed and traduced by fanatical howlers  
and very naturally has a fellow feeling  
for the major in the extravagant and  
undervalued denunciation that has been  
heaped upon him from Duluth, and has  
shown his sympathy in appointing two  
of his intimate friends to important  
posts in the Minnesota Democratic who  
is pleased with the Cleveland-Baldwin  
appointment to the marshalling.

Crookston Times: The appointment  
of Adam Bede as United States marshal  
is a decided victory for Congressman  
Baldwin, who has worked hard for his  
friend Bede.

White Bear Lake Breeze: United  
States Marshal J. Adam Bede, editor and

doesn't it. Just the same we are glad

us deputy.

Red Wing Republican: Everybody  
has known that the present incumbent  
of the Duluth district was doing dirty work  
for the sake of some pelf. J. Adam Bede,  
a carpet-bagger, now in Duluth, to whom  
Maj. Baldwin feels under some obliga-  
tion, has been appointed United States  
marshal for Minnesota.

Superior Call: The Minnesota  
Democracy outside of St. Louis county  
is anxiously inquiring who in the world  
is J. Adam Bede? They know he has  
been appointed United States marshal  
by the state by President Cleveland and  
there appears to have been much sur-  
prise as Bede was a comparatively un-  
known man. Mr. Bede is a good Demo-  
crat, aggressive and loyal. His was a  
young man and one of the best of the  
political writers in this part of the coun-  
try. He will fill the office to which he is  
appointed with credit to himself and the  
administration.

Mail Laas County Times: The presi-  
dent has appointed J. Adam Bede United  
States marshal of Minnesota. Mr. Bede  
is a popular and able newspaper man,  
and the president is to be congratulated  
upon the selection which was no doubt  
the result of Maj. Baldwin's efforts and  
the worth of the man.

Sauk County Avalanche: The presi-  
dent has named J. Adam Bede, of the  
Tower Budget, as United States mar-  
shal. When J. Adam Bede was appointed  
that he was after that office, the Av-  
alanche gave its consent, and now the  
president has made the selection. Here's  
to J. A. B.

general verdict of the people hereabout  
on the appointment of J. Adam Bede as

The parliament of religions created  
volumes of literature of immeasurable  
value and intense interest. But the vast  
multitudes have neither time nor inclina-  
tion to use all this material. For them  
some carefully selected volume, full of  
of most value. Such a selection has  
been made by Rev. Jenkin Lloyd Jones,  
of Chicago, secretary of the religious  
congress, and one to whose wise counsels  
and labors owe much of its success.  
He made a study of the work of the par-  
liament and his purpose in this volume  
is to give the reader a comprehensive  
idea of the treatment of the subjects  
discussed, by giving the best  
of the papers read, and the best  
of the addresses of the religious  
lands. The book will be published by  
the Unity Publishing company, of Chi-  
cago.

One of the quaintest and most original  
books of the year is soon to be published  
by Macmillan & Co. under the title of  
"The King of Schnorrers." Groucho  
Karpis, and his partner, Zeppo Karpis,  
who has made a life study of the Jewish  
schmorrer or beggar, and who has en-  
tered into three sketches of the types  
of types to be found in the London  
Ghetto at the close of the eighteenth  
century. The stories which range from  
the tale of comedy to all that is  
inexorably pathetic, are embellished  
by the humorous and spirited, yet always  
sympathetic illustrations of some artists  
of the day.

The articles in the February Atlantic  
Monthly which will especially appeal to  
the public are "Recollections of Stanton,"  
under Lincoln by Hon. Henry L. Dawes,  
"Tammam Hall" by Henry C. Merwin,  
and "The Educational Law of Reading,"  
written by Horace E. Scudder. The  
intimate relations which Senator  
Dawes held with Lincoln and Stanton  
render this tale of olden days, about the  
great secretary of war most interesting,  
and will serve to throw some light on  
the character of that most misunderstood  
man.

The article on Tammam Hall is a very  
valuable and impartial one, and so perhaps  
will have more weight than were  
others. The article on the educational law  
of reading is a most valuable one. Mr.  
Scudder's article will most appeal. This  
most interesting paper was first delivered  
to the graduating class of the state nor-  
mal school at Emporia, Kan., and is full  
of the most valuable suggestions.

Bound to Rise Again.

Grand Rapids Magnet: Of course  
there are hosts of people who now say  
"I told you so." While a great deal of  
the news is expressed at the outcome of  
the Merritt-Rockefeller combination, the  
Merritts are not seeking for any sym-  
paty. They are a desperate party, in-  
dependent, too energetic to be downed by  
a slight reverse. Their holdings in other  
mineral lands in different parts of the  
state are so extensive and varied that  
they will be enabled in less than one  
year from now to redeem the collaterals  
held by Mr. Rockefeller. Had the Mer-  
rits been actuated by purely selfish  
motives, and not the patriotic one of  
the upbuilding of Duluth, they would have  
sacrificed their dignity they were forced  
into by the financial panic. But they are  
men who are bound to rise to the top.

A Strong Indorsement.

Superior Inland Ocean: The Rockefellers  
have finally shown their hand and the  
Mesaba iron mines are completely  
under their control. What this will  
mean to the head of the lakes time only  
will disclose. The Rockefellerers do not  
talk but are constantly moving in mys-  
terious ways. They touch nothing in  
which there is not a sure profit. The  
Mesaba mines being O. K'd by the  
Rockefellerers have received as to their  
utility the strongest indorsement in the  
world. It goes without saying that the  
mines will be rapidly developed in no  
limping and halting way for the lack of  
funds.

Will be Remembered.

**NOTICE OF MORTGAGE SALE BY ADJUDICATOR.**

Whereas default has been made in the conditions of a certain mortgage executed and acknowledged by said mortgagor, to wit: Nedelson Fletcher mortgage, dated the 27th day of April, 1911, in and to said mortgagee, and recorded in the office of the register of deeds for the county of Hennepin, Minnesota, on the 15th day of July, A. D. 1912, at which time said mortgage was in full force and effect, and the same is in default of the conditions thereof, and inasmuch as, at the date of this notice, no amount of redemption has been received by said mortgagee, and no action or proceeding has been instituted at law or in equity to recover the debt secured by said mortgage, and inasmuch as said mortgage was duly assigned by said N. A. Fletcher to said mortgagee, and the assignment, dated the 16th day of April, A. D. 1912, is duly recorded in the office of the register of deeds, on the 15th day of September, A. D. 1912, at 2 o'clock a. m., in book 22 of mortgages, and in page 10 of said book.

Now, therefore, notice is hereby given, that by virtue of the power conferred by said mortgage, and pursuant to the statute in that behalf made, and in full force and effect, the foreclosure sale of the mortgaged premises therein described and the said mortgaged premises, together with the interest therein, shall be sold by the said mortgagee, to wit: The First National Bank of Minneapolis, Minnesota, at public sale, to wit: at the office of the register of deeds for the county of Hennepin, Minnesota, on the 15th day of September, A. D. 1912, at 2 o'clock a. m., in book 22 of mortgages, and in page 10 of said book.

## BONSPIEL NEXT WEEK

Duluth Athletic Club Will Have One at Glen Avon on Thursday, Friday and Saturday.

Twenty Rinks Are Expected to Come From St. Paul, Minneapolis, Winnipeg and Other Points.

Three Events Announced With Handsome Prizes in Each—Smith Tankard to be Played For.

If curling enthusiasts cannot have their desires thoroughly gratified next week there is no hope for them, for Duluth is to have a bonspiel extending over three days, Thursday, Friday and Saturday. Twenty rinks are expected to be here. Three will come from Winnipeg, five from St. Paul, including the great Nettleton and McCullough rinks, three from Minneapolis, four from Superior, possibly one from Chicago and a few from other Minnesota and Wisconsin points. The Duluth Athletic club is preparing for a great time and will entertain the guests in a handsome manner.

One of the chief events will be the contest between the rinks of George Nettleton of St. Paul and Ron Smith of Duluth for the Smith tankard which these two rinks walked off with at Winnipeg. The game here will determine which rink shall hold the prize.

The second event is the "Glen Avon match" open to all clubs in the United States or Canada. The prizes are as follows: First prize, four curling design scarf pins, value \$50, presented by A. R. Macfarlane; second prize, four macfarlane jackets, value \$20, presented by Williamson & Mendenhall; third prize, four pairs of club skates, value \$15, presented by Costello Hardware company; fourth prize, four silver match boxes, value \$10, presented by F. D. Day.

The third event is a consolation match open to all rinks not winning a prize in either of the first two events. The prizes are as follows: First prize, one pair oxidized silver states (snowballing), value \$25, presented by Pantan & Watson. To be played for annually at Duluth, until won twice by the same rink; second prize, four pair felt shoes, value \$20, presented by Phillips & Co.; third prize, four neckscarfs, value \$5, presented by C. W. Erickson & Co.; fourth prize, four pairs of heavy lined kid gloves, value \$8, presented by I. Freimuth & Co.

A special booby prize has been offered by the Duluth Paper company for the rink making the poorest score. A special prize of four fine brooms, donated by William Smuckles, will go to the rink making the highest score.

Not less than sixteen ends are to be played by each rink after the successful draw until the event is decided.

**Will Hear Ingersoll.**

Travel, "Lester," F. D. Day.  
New York and Brooklyn, "Mrs. J. W. Harrison."  
Senses from the Adirondack, "Mrs. F. H. Fidler."  
Landscape, "Miss Rita Johns."  
From Baltimore to Boston—A Trip up the Hudson, "Mrs. McConagie."

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful, acts directly on the blood and mucous surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Cheney & Co., Toledo, Ohio.

## BLAZING TO THE SKY.

Some Migrant Set Fire to a Gas Well in Indiana and it is Now Blazing.

Heat so intense that Men Cannot Go Within Hundred Feet of the Well.

Many Persons Refuse to Go to Bed or Fear the Fire Will Spread.

MUNCIE, Ind., Feb. 17.—A four million feet gas well, belonging to the Indiana Iron company of this city and located near West Muncie, was frozen up a few days ago and the pipe near the well burst. Some mischievous person set the escaping gas on fire.

The heat soon caused the pipe to burst more, and now the whole product of the well is belching forth in a voluminous flame that reaches far above the tall oaks. The heat is so intense that the men attempting to quench the blaze have been unable to go within 200 feet of the well.

The idea now is to secure a quantity of dynamite in cans, tie them on the end of long strings of wire, ignite the fuse and hurriedly pull them near the well where it will explode, with hopes of blowing out the blaze. The men have worked numerous devices since yesterday, but have not yet accomplished any good. The effort to shut it out will be tried today.

The noise made by the escaping gas can be heard for miles around, and has attracted great crowds of sightseers. The well is located on the Brindell farm, near several others, and many timid persons refuse to go to bed, for fear the fire will spread and result in the whole field taking fire.

**HIRSCHFIELD AFTER A DIVORCE.**

The Helena Jewish Banker Has Repented of His Marriage.

FARGO, N. D., Feb. 17.—Aaron Hirschfeld, a prominent Jewish banker of Helena, Mont., and brother of L. H. Hirschfeld, chairman of the Republican state central committee, has arrived in Fargo and is establishing a residence for the purpose of securing a divorce. Last summer he started his wife and relatives by marrying in Chicago an Irish Catholic working girl, Dell Hogan. The idea of a Hebrew marrying a Catholic and a man of Hirschfeld's social standing and great wealth was entirely too much for his relatives, and they began at once to undo what they considered such an error.

The bride is Irish to the core, however, and through able legal talent of Helena has brought suit against Mr. and Mrs. L. H. Hirschfeld, of Helena, for \$75,000 damages. Hirschfeld is more than 50 years of age, while his bride is only 19.

**THE CHECKS WERE RAISED.**

A St. Paul Forger Swindled a Chicago Bank Out of \$6800.

CHICAGO, Feb. 17.—Frank H. Harper, who is also known by the name of Frank H. Henderson, and who is said to be from St. Paul, walked into the Continental National bank at the corner of Adams and LaSalle streets Thursday morning and presented two checks for payment. One called for \$3500 and the other for \$3300. Harper was known at the bank, and as the signatures were genuine the checks were cashed without hesitation. It was subsequently learned that the checks had been raised from \$33 and \$35 checks to one hundred times that amount. The police are looking for Harper. They know little or nothing of him but from the description given of him by the officers of the American Trust and Savings company they recognized him as a clever forger who has been working the same scheme in the East.

**THE HAWAIIAN POLICY.**

The Senate Sub-Committee Opposed to Grover's Policy.

WASHINGTON, Feb. 17.—The senate sub-committee on foreign affairs has completed the taking of testimony in the Hawaiian matter and the majority report is about ready to be given to the full committee.

Contrary to the expectations of many it is learned from what seems to be excellent authority, that this supports the American ideas of the Harrison administration and has no fault to find with the action of its representative at Honolulu, ex-Minister John L. Stevens.

**Woman Suffrage Victory.**

NEWBURGH, N. Y., Feb. 17.—At a meeting of the common council last night an amendment to an ordinance was adopted striking out the word "male" from the section of the city charter on qualifications of voters to vote at taxpayers' special elections. This is considered a great victory by the local woman suffragists.

**Work for Four Hundred.**

CHICAGO, Feb. 17.—A special from Noblesville, Ind., says: The Modes Glass works at Cicero, this county, employing 400 men, were formally started yesterday with a flourish of trumpets and brass bands. Everybody was given a souvenir cane.

**The State Wants It.**

CHICAGO, Feb. 17.—A special from San Francisco says: Governor Markham has brought suit to secure the escheat of the Dwyer estate, valued at \$1,000,000, to the state.

**Many Were Killed.**

KIPL, Feb. 16.—A boiler on the iron-clad Brandenburg, lying at this port, exploded yesterday, killing many persons.

## RIVER AND HARBOR BILL.

It Will Be Reported to the House About March 1.

WASHINGTON, Feb. 17.—The river and harbor bill will be reported to the house March 1. The committee's work is further advanced in this congress than it has been for many years. The bill will carry an appropriation of about \$9,000,000, exclusive of \$8,000,000 in round numbers in the sundry civil bill.

This latter appropriation is expended under the contract system, which the committee has found to be both a wise and economical method of completing public works.

The work on eighteen rivers and harbors is now carried on by contract. Under this system contracts are made in advance and the money is appropriated as the work progresses. In many cases a saving of from 25 to 50 per cent is made under this system as compared with the methods of previous years.

**RAINY LAKE DISTRICT.**

A Postoffice and Rapid Mail Service Are Greatly Needed.

FORT FRANCIS, Ont., Feb. 17.—[Special to The Herald.]—Surveyors are now quite as numerous in Rainy Lake as the islands, and with the development that is going on, bringing a steady stream of settlers and prospectors a postoffice and a rapid mail service are greatly needed in Rainy Lake district.

Mr. Campbell has recently discovered a new island and is exhibiting some specimens from the surface that show beautiful gold indications.

The rapidity with which the islands are being sold in Alberton (Fort Francis) indicates a healthy development and stable growth.

Many Americans from the Eldorado city are frequent visitors here and enjoy the sights of this Canadian town.

**ONLY A SMALL INTEREST.**

Rockefeller Does Not Control the Steel Barge Company.

CLEVELAND, Feb. 17.—Capt. Thomas Wilson, a director of the American Steel Barge company, was shown the dispatch from Duluth in reference to J. D. Rockefeller securing control of the barge fleet, and said it was not true. Mr. Rockefeller, he says, only owns a small interest.

**Schlomann Committed Suicide.**

BROOKLYN, Feb. 17.—Fred Schlomann, superintendent of the Prudential insurance company, who had been missing since Feb. 13, was found dead yesterday in a stable back of his house at No. 47 Billings street, Williamsburg. When found he was sitting dead in a chair, with the veins of his left wrist cut. The appearance of the place showed that he made deliberate preparations to kill himself. He leaves a widow and three children. His widow says she knows no cause for the deed.

**The State Y. M. C. A.**

The Members of the Senate Finance Committee Still Trying to Settle the Disputed Points.

Sugar is Proving the Stumbling Block and the Fight May Continue in the Senate.

Secretary Carlisle, in Conference With the Committee Today on Sugar, Whisky, Iron and Coal.

WASHINGTON, Feb. 17.—The effort appears to be under way this morning to settle the disputed points in the forthcoming tariff bill today. The full membership of the Democrats on the committee of finance convened at a moderately early hour in the room of Mr. Voorhees. Mr. Carlisle arrived about noon, and immediately went before the committee. It is believed that as a result of the conference of the secretary with the committee on finance, the schedule on sugar, whisky, iron and coal will be agreed upon.

The attitude of some of the sub-committee seems to be antagonistic to sugar, and the rumor gained currency that it might be possible that that article would be left as it came from the houses, with a loophole through which the Louisiana senators might be able to get what they wanted, or at least an approach to it, in the content of the floor of the senate.

The impression is growing stronger that whisky will be increased to probably \$12.25 a gallon and the commissioner of internal revenue is quoted as favoring this increase.

Senator Jones this morning said that the committee is settled on the minor items in the bill, but that there had been no conclusions in regard to the matters over which the committee have been wrestling for several days. He believed that it was hardly possible to get the bill ready to report by Tuesday, but still sufficient headway might be made within the next three days to complete the task by that time.

It is evident that the committee and the Louisiana senators cannot agree, and are opposed to any duty whatever. This apparent impossibility to amalgamate contenting views may throw the question into the senate, and if that be the result an interesting and rather exciting debate will grow out of it. The Louisiana senators still profess to be ignorant of the intentions of the committee, but reiterate their own intentions to fight the bill in case their wishes are ignored.

**THE DOINGS OF CONGRESS.**

Bland Still Unable to Get a Vote on His Seigniorage Bill.

WASHINGTON, Feb. 17.—There were only a few score of members on the floor of the house when the speaker's gavel fell at 12 today.

At 1:10 Mr. Bland moved that the house resolve itself into committee of the whole on the seigniorage bill, that general debate be closed in thirty minutes, and demanded the previous question on his motion.

A division shows yeas, 108; nays, 1. Mr. Tracey made the point of no quorum, and the yeas and nays were ordered. The vote resulted: Yeas, 157; nays, 4—no quorum—and a call of the house was ordered.

The hour of 2 o'clock having arrived, the proceedings under the call were dispensed with. Mr. McDowell, of Pennsylvania, called up the resolutions in reference to the death of Mr. Lilley, late a member at large from Pennsylvania, and proceeded to address the house thereon.

**A Deadly Epidemic.**

PADUCAH, Ky., Feb. 17.—Spotted fever, or cerebro spinal meningitis, has broken out in Paducah county, and threatens to be epidemic, as it was a year ago when the county was almost depopulated. About a week ago a boy died and yesterday a man was taken suddenly ill, near the depot and expired in a few hours. The victims turned black and went into terrible convulsions. The people are preparing to leave the county.

**One Man Killed.**

**Steele Mackaye Very Ill.**

CHICAGO, Feb. 17.—There is no improvement today in the condition of Steele Mackaye, the dramatist, who has been lying ill at the Hotel Richelieu for some time. While he is very low his physicians have hopes that he will recover.

**Four People Cremated.**

AMSTERDAM, Feb. 17.—A house in one of the poorest quarters of this city was burned today. A Russian woman and three other children were burned to death. Two other children were badly burned, but it is thought they will recover.

**Deserted the Liberals.**

LONDON, Feb. 17.—It is said that Baron Burton, formerly Michael Arthur Bass, of the brewing company of Bass & Co., has deserted the Liberal party and allied himself with the Liberal Unionists. Baron Burton received his title through Mr. Gladstone.

**Iowa Appointments.**

DES MOINES, Feb. 17.—The governor this morning appointed and the senate confirmed George Metzger, of Des Moines, for custodian of the capitol; L. S. Merchant, of Cedar Rapids, for oil inspector; J. M. Delavan, for fish commissioner.

## MANY GUNS CAPTURED.

Brazilian Rebels Carried Off Many of Pelotas's Field Guns.

NEW YORK, Feb. 17.—The Herald's Rio correspondent, writing under date of Feb. 10, says he learns that the sailors of da Gama's fleet which recently landed at Armacao, carried off the breeches of the guns of the forts. They also captured many of the field guns which had been placed in position at Ponto Arcas.

Lieut. Mussier, secretary to Admiral da Gama, was shot in the arm. This wound will make the amputation of the arm necessary. The insurgents report that in the attack on Armacao their actual loss was only forty killed and wounded. Only two small machine shops were destroyed by fire from the forts on the Iha de Cobras. The government maintains that eighty-five rebels were captured during the engagement.

News has been received of an important victory in Pass Fundo. The local forces, commanded by Col. Santos, Jr., met a detachment of 1500 rebels and a sharp engagement followed. The insurgents lost 400 in the attack and the rest of the column was disbanded. Only sixteen men were lost by Santos.

**Rioters Convicted.**

PITTSBURGH, Feb. 17.—The jury in the case of the Mansfield valley rioters returned a verdict this morning. Twenty-one of the fifty-eight prisoners were acquitted; thirty-two were found guilty; two had entered pleas of guilty and three were acquitted by order of the court. They will probably be sentenced next Thursday.

**Miss Pollard's Case.**

WASHINGTON, Feb. 17.—The Pollard-Breckinridge trial has been set for Thursday, March 8. Judge Bradley, of the supreme court of the District of Columbia, this morning listened to the preliminary arguments in the case on a motion submitted by the defense for a further postponement. The motion was referred.

**A Valuable Foot.**

WESTCHESTER, Pa., Feb. 17.—David Howett, of Oxford, had his foot cut off by the cars on the Philadelphia, Wilmington & Baltimore railroad at Oxford. Suit for damages was brought and last night a verdict was rendered in the courts here in favor of Howett for \$6000.

**Indicted for Murder.**

CHICAGO, Feb. 17.—Lieut. Maney was indicted yesterday by the federal grand jury for the murder of Capt. Alfred Hedburg at Fort Sheridan. While the indictment is for murder, it contains counts charging manslaughter.

**THE SPECIAL TERM.**

Two Judges Found Themselves Interested in the Same Case.

Judge Ensign is ill and only judges Moer and Lewis, sat in the special term this morning. A point of law caused an amusing embarrassment in the hearing of the case of W. H. Smith against G. J. Mallory. Judge Moer confessed that he was incompetent to try the case because he was interested in it and when the lawyers adjourned to Judge Lewis' room they found, much to their surprise, that he was in the same predicament. The matter was settled by assigning the case to Judge Ensign to be heard at such time and place as may be most convenient for him.

Judge Lewis disposed of but few cases this morning on account of the long arguments in those which he heard. In the re-estate of N. Hulet, deceased, the discussions were concerning the issues for the jury and were submitted on briefs. The case was taken into consideration.

A most abstruse point of law was argued before Judge Moer in the case of O. D. Kinney, et al., against the Duluth Ore company et al. The point was whether or not a laborer can assign a lien before he has filed it. There is a demurrer in this case and the judge took the papers and held the matter under advisement.

Other cases disposed of were as follows: Huntress & Brown Lumber company vs. M. G. Wyman, et al., motion to set aside judgment granted; Duluth & Iron Range Railroad company vs. Amelia Sherwood, in course of hearing this afternoon.

Feinon of George W. Wallace to adopt Elizabeth A. Good granted, and decree signed changing name.

P. K. L. Hardenberg vs. John Hooley and William T. Bailey, garnishee, order of judgment against garnishee.

John D. Murphy vs. Neil Bowie, order for final decree in foreclosure.

Charles McNamara vs. Jacob Zimmer, order confirming sale on foreclosure.

These cases were continued: Cutler & Gilbert vs. H. E. Dinham, two weeks; Guilford G. Hartley vs. Fanny Clough et al., two cases; Charles H. Davis vs. Fanny Clough, each one week.

**The Settling of Cases.**

The settling of cases for next week is as follows: Monday, criminal cases, and in Room No. 1, 130, 132, 136, 160.

Tuesday, 161, 169, 174, 185, 186.

Wednesday, 187, 200, 202, 205, 229, 230, 231, 232.

Thursday, 233, 26, 27, 32, 55, 57, 58, 59, 79, 122.

Friday, 149, 155, 162, 183, 184, 208, 64, 56, 66, 74, 77.

**Winona Aldermen Here.**

A party of Winona aldermen are in the city today investigating electric light matters. They are trying to determine whether Winona ought to own its own plant or grant a franchise. In the party are: C. A. Murray, John Keenan, W. Calbreth, John Benner, Andrew H. Hill, F. A. Pickles, O. H. Clarke and John L. Wilson.

## WEST DULUTH ITEMS

Fine Concert Given Last Evening at the Congregational Church to a Large and Appreciative Audience.

Closing Meeting of the St. Louis County W. C. T. U. Convention Held Last Evening at the Presbyterian Church.

Dr. Forbes to Address the Knights of Pythias Tomorrow, Thirtieth Anniversary of the Order.

Notwithstanding the many attractions last evening the concert given at the Congregational church filled the little chapel to overflowing, and proved to be one of the most successful musical events given in West Duluth for some time. The concert opened with the "Duffy" Tower, by the church choir. It was well received and a pertinent introduction to the program which followed. Miss Leola Sparks awakened the sympathies of the audience by reciting "Little Orphan Annie" and on being recalled responded with "The Troublesome Child." Miss Addie Sawyer portrayed the character of "Molly" in her usual winning and artistic manner and received perhaps the highest compliments of the evening.

The vocal selections by Miss Caldwell, Miss Case, Mrs. Ound and Mr. Mandel were well rendered and received several encores. Indeed the program as a whole was one worthy of unstinted praise and highly complimentary to the local talent engaged.

## The County Convention.

The annual convention of the St. Louis County Woman's Christian Temperance union closed its interesting and instructive sessions by a well attended meeting at the Presbyterian church last evening. Addresses were made by Miss Maxwell, Mrs. Woodbridge, state vice president, Mrs. Merritt and District President Mrs. Thompson. The local union entertained the convention with dinner and supper, given in the association hall on Grand avenue. At the afternoon session the following officers were elected for the ensuing year: Mrs. I. Thompson, president; C. A. Randall, secretary, and Mrs. B. H. Smith, treasurer.

## Anniversary Commemoration.

Dr. Forbes will speak to the Knights of Pythias tomorrow morning at the Methodist church in commemoration of the thirtieth anniversary of the establishment of the order. The West Duluth lodges will attend in a body, meeting at the hall on Central avenue at 9:15 o'clock and thence marching to the church. An invitation to the present has been extended to all the lodges at the head of the lakes.

## West Duluth Briefs.

C. W. Payne, of the Great Western, received a slight injury to his head yesterday which will lay him up for a short time.

Rev. McClellan, of Duluth, will preach at the Baptist church Sunday morning at 10:30. Sunday school after morning service. No evening service.

Arthur Brigham is circulating a petition asking the mayor and council to appoint him to the position of lieutenant of police at West Duluth. One of like nature is also being circulated for the retention of Lieut. Patterson.

P. McDonald's rock crusher broke down a few days ago and threw about thirty men out of employment for a short time.

John H. Tabbell is a new resident of West Duluth, lately arriving from Des Moines.

A Chisholm was in the city yesterday testing the new fire alarm system.

Drs. Shipman, of Ely, and Whiteside, of Bessemer, Mich., were in West Duluth yesterday.

## Utilizing the Bones of Heroes.

In 1881 English ships brought to the bone factories of England 20,000 skeletons of Turkish and Russian soldiers who had perished in the Crimean war. They were to be utilized as fertilizing material after being ground to powder in the mills.

## WHEAT TOOK A RISE.

Trading Was Not Very Active but Prices Advanced.

It is expected that the wheat stocks here will show an increase of 200,000 bu. this week. The market opened with buyers of May at yesterday's close, but the first trading was at 5c higher. Then it traded from 5c to 5 1/2c and finally closed at 5 1/2c. July opened at 6c and sold up to 6 1/2c. There was very little doing in cash wheat, a few cars selling at 4 1/2c to 4 3/4c. The close was higher than yesterday for cash and February and 5c higher for May and July. Following were the closing prices:

## FANCY SKATER MEAGHER.

He Has Won Many Medals and Claims the World's Championship.

George A. Meagher of Toronto enjoys the distinction of being one of the best fancy and figure skaters in the world. He won the amateur championship of the world at the Ottawa tournament, March 4, 1891, and claims that he still holds it. At the tournament mentioned he was presented with two handsome medals by Lord Stanley of Preston, Canada. A year ago the Countess of T...

George A. Meagher, who greatly admires his wonderful skill on skates, sent him a gold medal cross, and he has also won a number of other very interesting and valuable trophies. His skates are short, graceful creations of steel and one of such excellent metal that they have been in constant use for 30 winters. A British army officer once offered Meagher \$50 for these skates, but the champion refused to part with them at that or any price. Meagher says:

"A great fact in the majority of beginners is that they hold their arms too stiffly. The elbow should bend occasionally. Imagine a dancer—Carmenita, for instance—holding her arms in a stiff

## THE EVENING HERALD.

*A Great and Artistic Offer.*

### THE MARIE BURROUGHS ART PORTFOLIO OF STAGE CELEBRITIES

IS A MAGNIFICENT COLLECTION of 240 Photographs of the most popular Actors, Actresses, Singers and Musicians of modern times. The photographs are executed in the highest style of the art, and each one is accompanied by an interesting sketch of the professional career of the artist. It is the only complete collection ever offered of the portraits of the leading STAGE CELEBRITIES. It represents the results of immense labor spent in industrious collection of photographs and data necessary to completely present the most noted personages of the stage, besides a large outlay of money. It is an easy matter to collect a lot of poorly printed out-of-date photographs of prominent stage people, although even a partial collection of such pictures costs a good deal of money. But to get a complete Portfolio of them, all the latest and best, is quite another matter, and to accompany it with an account of the professional career of each, not only requires hard work, but would be impossible except to one having a practical and intimate acquaintance with the stage and its people. In the majority of cases, the great artists shown in this collection have given

of the world, who have been seen during recent years on the American stage. There are no people whose personality is more interesting than those who are the central figures of the successful stage productions of the day. In this Portfolio the selection has been made on a broad and comprehensive basis, to secure a complete representation of the modern stage, and the selection has been completed under the supervision of

#### Miss Marie Burroughs,

herself one of the most prominent and popular actresses of the day. Miss Burroughs, both professionally and personally, holds a high position in the favor of American playgoers, and by her genius and ability has, within a few years, advanced to a place among the highest and most honored of those now recognized as reigning queens in the realm of dramatic art. In conjunction with the famous actor,

**E. S. WILLARD,**

she has been a leading character in some of the most artistic and successful productions in the recent history of the American stage, while in her private life, she is a lady of culture, refinement, and the best social position.

With the first part of the Portfolio is presented, in addition to 20 others, a beautiful and elegantly

#### How To GET THEM

By special arrangement with the publishers, this elegant work can be obtained in Duluth only through The Evening Herald. In every issue of this paper, COMMENCING MONDAY, there will be a dated coupon. Three coupons of different dates, together with 10 cents presented at the Counting Room of the Evening Herald, will secure one of the parts of the series. If ordered by mail 2 cents extra (making 12 cents in all) must be sent to cover postage. The coupons need not be consecutive, but must be of different dates. All communications by mail should be accompanied by a plainly written address to which the Portfolio is to be forwarded, and should state the number of the part desired.

### THE MARIE BURROUGHS ART PORTFOLIO OF STAGE CELEBRITIES

PUBLISHED BY  
A. N. MARQUIS & Co.  
CHICAGO, ILLS.

#### Tinted Photograph of Miss Burroughs.

Not only is the collection complete, but the greatest care has been taken to procure the best and latest photograph of each subject, so as to secure the most artistic results. The Portfolio will be ISSUED IN TWELVE PARTS, each part CONTAINING TWENTY PHOTOGRAPHS with the sketches belonging to them. IT IS A COMPLETE MIRROR OF THE MODERN STAGE and the series constitutes practically a Biographical Directory of Stage Celebrities. Many of the photographs in this collection it would be impossible to obtain elsewhere at any price; and even where obtainable, any one of them would cost as many dollars as the number of cents for which they are offered to the readers of THE EVENING HERALD. We offer them at TEN CENTS for each part, containing twenty photographs, when accompanied by coupons; in other words we offer these elegant photographs at HALF A CENT A PIECE.

The collection will be worthy a place in the most elegant home, and will be an acquisition to any person who takes any interest in the stage and its stars, not only for personal pleasure and edification, but also to give pleasure to friends. This Portfolio will be found in the highest degree worth not only the small outlay asked, but worth any price within reason.

## PERSONAL.

Hon. Moses E. Clapp came up from  
St. Paul last night.

A. W. Hartman returned from St. Paul  
this morning.

C. G. Hartley has returned from Chi-  
cago.

Frank B. Kellogg, the St. Paul lawyer,  
is in the city today.

Frank A. Weld, of Fergus Falls, is at  
the Spaulding.

John T. Black, of St. Paul, was in the  
city last evening.

S. Eckstein, Jr., of Oshkosh, Wis., was  
in the city yesterday afternoon.

N. H. Clapp, of St. Paul, was in the  
city last evening.

Dr. Fred Barrett came up from Min-  
neapolis last night.

J. G. Flemming and wife, of St. Paul,  
are in the city.

A FORTUNATE CHOICE.

Frank E. Wyman, Elected Secretary of the  
Board of Trade.

Col. George E. Welles, secretary of the  
Duluth board of trade, has resigned after  
six years of continuous and faithful la-  
bor, because of ill health, and his resig-  
nation was accepted by the board of di-  
rectors yesterday afternoon. The esteem  
in which Col. Welles is held and the satis-  
faction which his work has given is at-  
tested by the fact that the board voted to  
continue his salary until Aug. 1.

Frank E. Wyman was elected to suc-  
ceed Mr. Welles and has already as-  
sumed the duties of the position. Mr.  
Wyman's many friends will rejoice with  
him at his selection for the office and it  
comes as a gratifying surprise. That he  
will fill the position with honor, faith-  
fulness and ability goes without saying.  
During his newspaper career in Duluth  
he has become familiar with the board  
of trade work and has frequently acted  
for Col. Welles during the latter's peri-  
ods of illness or absence. Mr. Wyman  
came to Duluth to go upon the Tribune  
staff and was city editor of that paper  
for several years. Later he was with the  
News-Tribune and for a year past has  
represented the Northwestern Miller at  
the head of the laces.

There is more carfare in this section of the  
country than all other diseases put together,  
and until the last few years was supposed to be  
curable. For a great many years doctors  
pronounced it a local disease, and prescribed  
local remedies, but by constantly failing to  
cure with local treatment, pronounced it in-  
curable. Science has proven catarrh to be a  
constitutional disease and therefore requires  
constitutional treatment. Hall's Catarrh Cure,  
manufactured by J. C. Cheney & Co., Toledo,  
Ohio, is the only constitutional cure on the  
market. It is taken internally in doses from  
ten drops to a teaspoonful. It acts directly on  
the blood and mucous surfaces of the system.  
They offer \$100 for any cure it fails to cure.  
Send for circulars and testimonials. Address,  
J. C. Cheney & Co., Toledo, Ohio.

Sold by druggists, etc.

City Band  
Will positively be at the Fifth Avenue  
rink tonight. Everybody come. Lots  
of fun and plenty of girls.

## THE SKI TOURNAMENT.

It Opened This Morning With an Eight-Mile  
Race to Highland Park and  
Back.

P. Elerson Won by Five Minutes, Covering  
the Entire Eight Miles in Forty-  
Six Minutes.

This Afternoon the Jumping and Speed Con-  
tests Are in Progress—Grand Cele-  
bration Tonight.

The "ski" tournament given today by  
the "Ski Club Trysil" has been the talk  
of the town and unusual interest has  
been manifested considering the limited  
notice which was given. There were  
two events, a long distance speed race  
this morning and a down hill jumping  
and speed contest this afternoon. All of  
the contestants were Scandinavians,  
among whom the sport is very popular.  
No other nation has ever been able as  
yet to approach them in "ski" jumping  
and speed contests. It may be that some  
day the Americans, who excel in almost  
every outdoor sport, will beat their Scan-  
dinavian brothers in this, but the time is  
yet to come.

The first event began about 8:30 o'clock  
this morning, and a large crowd was on  
hand to see the fun. The race began at  
First avenue east and Fifth street and  
the course ran out over the hill to High-  
land Park and back, four miles up the  
hill and four miles down, eight miles  
in all.

There were thirteen starters, an un-  
lucky number, but no mishaps occurred  
other than the breaking down of a couple  
of the contestants. Away they went  
at a great pace that was deceivingly  
easy for the long strides they car-  
ried the men forward faster than most  
people would think. P. Elerson was the  
first home, covering the eight miles in  
46 minutes.

The other contestants and the time  
made were as follows: John Engen, 51  
minutes; O. Johnson, 57 minutes;  
39 seconds; A. Wanwick, 55 min-  
utes; 52 seconds; O. Tomling, 58 min-  
utes; 55 seconds; Ch. Stendahl, 15 sec-  
onds; L. Stendahl, 61 minutes, 10 sec-  
onds; A. Hansen, 60 minutes, 35 sec-  
onds; A. Sivertun, and Peder Weck-  
lund broke down.

This afternoon the long distance jump-  
ing and speed contests are in progress  
at the Swan Lake road and about where  
First avenue east would cross Twenty-  
second street if they were continued  
through. Had there been any conven-  
ient way to reach the grounds there  
would have been an enormous crowd but  
as it was there was a large crowd pres-  
ent.

Tonight there will be a grand celebra-  
tion at Central hall and the prizes will  
be awarded. A ball will follow.

Letter Arrived Today.

The long looked for letter from the  
general land department at Washington  
relative to the cancelled university land  
claim came along this morning, and  
those holding minutes made their filings.

The fellow who claims to have been  
dragged in a saloon yesterday was  
brought in in an invalid's chair and he  
was further conspicuous from the fact  
that he did not have a cent of money on his person.

Two or three decisions adverse to the  
state in swamp land cases were also re-  
ceived.

Nearing the Grave.

In old age infirmities and weakness  
hasten to close the gap between us and  
the grave. Happily scientific research  
and pharmaceutical skill have allied them-  
selves in furnishing us a reliable means  
of ameliorating the ailments incident to  
declining years, and of renewing waning  
physical energy. Its name is Hostet-  
ter's Stomach Bitters, a widely compre-  
hensive remedy in disease, and an in-  
estimable blessing to the elderly, the  
feeble and the convalescent. Rheumatic  
ailments, trouble with the kidneys and  
lumbago, are among the more common  
ailments of the aged. These are effec-  
tually counteracted by the bitters, which  
is likewise a prevention and curative of  
malarial complaints, dyspepsia, consti-  
pation and biliousness. It is highly pro-  
motive of appetite, sleep and the ac-  
quisition of vigor.

Hair washed, cut, bleached, dyed,  
curled and dressed. Diseased scalps  
treated and cured. Facial treatments  
for complexion by steaming and mas-  
sage. Superfluous hair destroyed by  
electricity; manicure and chiropody.

Marin Miller is charged by Louis Ham-  
mel with Grand Larceny.

In municipal court this morning Tom  
Marin was sent up for ten days for  
drunkenness and John Cogswell was  
given a suspended sentence for the same  
offense.

Marin Miller was up on the charge of  
grand larceny in the second de-  
gree. Louis Hammel, who made the  
complaint, and who is administrator  
for the estate of Jacob Hammel, alleges  
that he sold a team and harness to the  
accused on the representation that he  
was the owner of a sawmill and other  
property.

He further alleges that the defend-  
ant in reality owned only three  
tenths of the property he enumerated  
and that he secured the team and har-  
ness on misrepresentation, hence the  
prosecution on the above charge. County  
Attorney Tear appeared for the state  
and the defense was conducted by  
attorney Fryberger. At the noon hour the  
case had not been closed.

"ABRAHAM LINCOLN."  
Beautiful Tribute to His Grand Character by  
Robert G. Ingersoll.

Robert G. Ingersoll has reason to feel  
gratified at the large audience which  
was before him as he walked out from  
the wings on the Temple stage, and with-  
out introduction of any kind, began his  
lecture on "Abraham Lincoln." It was  
a masterpiece of the art of public speak-  
ing, the gifted orator rose to the most  
sublime heights of oratory and to touch  
the chords of sympathy, patriotism and  
nobility of character in every breast.  
The great man's character was  
presented in a manner which gave to every-  
body a grander idea of him and added to those feelings of  
honor and respect which every American  
has for the martyred president that of  
reverence.

Lincoln, Col. Ingersoll said, was edu-  
cated in the university of nature, the  
grandest of all colleges. He described  
his early life, the severe trials he en-  
dured, the simple life he led, all of which  
had their influence on the moulding of  
this grand character. The history of the  
career of the civil war was briefly  
sketched, the attitudes of the political  
parties and the factions in each party.  
Lincoln was a man of peace, a lover of  
peace and of the rights of the minority,  
and a conservative of the Republicans  
could unite and die.

Lincoln as a statesman, a strategist  
and a general was a man of a grander  
idea of him and added to those feelings of  
honor and respect which every American  
has for the martyred president that of  
reverence.

His perfect English was a marvel con-  
sidering his limited schooling and the or-  
ator read several passages from his mes-  
sages and letters showing his clear and  
simple style. His letter to Gen. Hooker  
placed him in command of the army of  
the Potomac was read and Col. Ingersoll  
declared it the greatest letter ever writ-  
ten.

His oratorical abilities Col. Ingersoll  
said: "He was a great orator. He knew  
that to be a sublime one was to keep  
close to the ground. Above the clouds is  
too cold. Keep close to the fireside  
of the human heart. Too much polish  
suggests insincerity. A great orator  
must be a man of the people, with stat-  
ues and pictures perfect in form and color.  
The strongest statues need least drap-  
ery. The difference between the orator  
and the eloquist is to be seen in the  
addresses of Lincoln and Everett at Gettys-  
burg. One will never be forgotten; the  
other will be."

The peroration was eloquent and  
grand and he closed by calling him the  
"greatest president of the United States,  
the greatest figure of the civil war, the  
greatest memory of the whole world."

HAS A NEW SCHEME.

Col. Gridley Wants to Unite the Chamber and  
Kitchi Gami Club.

There were not enough members of  
the chamber of commerce present yester-  
day afternoon to form a quorum, there-  
fore being only E. C. Gridley, president of  
the chamber, K. C. Mitchell, A. Hirsch,  
C. F. Johnson and B. Maggion. Presi-  
dent Gridley detailed a scheme by which  
he proposes that the chamber and the  
Kitchi Gami club be united under the  
name Commercial club of Duluth, the  
other names being dropped. The new  
club would have separate financial man-  
agement of its social and business sides,  
and a few statesmen and business men  
of the city would be invited to share the  
privileges of the business part of the  
club. The idea is to give up the cham-  
ber's present quarters and use the base-  
ment of the Kitchi Gami club's build-  
ing for business meetings.

Col. Gridley is also strongly in favor of  
asking the city council for a loan of  
\$2000. He thinks that a more amiable  
feeling will exist toward the chamber on  
the part of the new council, and he thinks  
they can get the money. He also pro-  
poses that the chamber and the Kitchi  
Gami club be united under the name

ber's present quarters and use the base-  
ment of the Kitchi Gami club's build-  
ing for business meetings.

Col. Gridley is also strongly in favor of  
asking the city council for a loan of  
\$2000. He thinks that a more amiable  
feeling will exist toward the chamber on  
the part of the new council, and he thinks  
they can get the money. He also pro-  
poses that the chamber and the Kitchi  
Gami club be united under the name  
Commercial club of Duluth, the other  
names being dropped. The new club  
would have separate financial man-  
agement of its social and business sides,  
and a few statesmen and business men  
of the city would be invited to share the  
privileges of the business part of the  
club. The idea is to give up the cham-

## WILL HAVE A SHOOT.

Central Gun Club Has Arranged a Series of  
Events for Tomorrow.

On Feb. 22, Washington's birthday, the  
Central Gun club has arranged for a  
shoot to take place at the foot of Twenty-  
first avenue west. The following is the  
program of the afternoon shoot which  
will begin at 1:30 p. m. sharp:

Event No. 1, will be a team shoot of  
nine singles and three pairs, known  
as the "Hunt." The teams to be selected from among  
the club members, losing team to bear  
cost of targets for both sides.

Event Nos. 4 and 5, sweepstakes, ten  
single targets each, known angles.

The shoot will be under the rapid fir-  
ing system with blue rock targets and  
with the exception of the team contest  
will be open to everybody wishing to  
enter.

A handsome gold watch, chain and  
charm, valued at \$100, will be given by  
Dr. D. H. Day will be presented to  
the club member making the best  
average of the day. The qualifi-  
cation for average will be entrance  
in all shoots on the program.

WANT THE LAND BACK.

Carey Heirs Sue to Recover Iron Lands North  
Hill & Mill.

Ellen Carey, James P. Carey, Peter M.  
Carey, Alexander T. Carey and Mary E.  
Jenkins filed suit this morning against  
Charles Davis and the Mahoning Ore  
company for the purpose of having a  
deed declared null and void. The plain-  
tiffs claim that many years ago their  
father owned the lands in this com-  
pany, and that they were not until recently  
aware of it nor of the fact that it had  
descended to them as his heirs.

Some time ago Charles Davis  
put in an appearance, acquainted  
them with these facts, told them that  
the land was rocky and gravelly, and of  
no practical use, and offered them \$200  
for a quit claim deed. They accepted  
his offer and now claim that he misre-  
presented the land, and that the deed  
was void. They ask that the deed be
